Bellefonte Republican

Established in 1869.} "Let Us See To it that A Government of the People, for the People and by the People, Shall Not perish from the Earth."—A. LINCOLN. Terms: $1.50 per Year

VOL. XXV BELLEFONTE, PA., THURSDAY MORNING. JUNE 21, 1894. NO 25

REPUBLICAN STATE TICKET.

FOR GOVERNOR,
DANIEL H. HASTINGS, of Centre.

FOR LIEUTENANT-GOVERNOR,
WALTER LYON, of Allegheny.

FOR AUDITOR-GENERAL,
AMOS H. MYLIN, of Lancaster.

FOR SECRETARY OF INTERNAL AFFAIRS,
JAMES W. LATTA, of Philadelphia.

FOR CONGRESSMAN-AT-LARGE,
GEORGE F. HUFF, of Westmoreland.
GALUSHA A. GROW, of Susquehanna.

Republican County Ticket.

FOR ASSOCIATE JUDGE,
BENJAMIN RICH, of Fleming.

FOR ASSEMBLY,
P. E. WOLMESDORF, of Philipsburg,
HARRY R. CURTIN, of Roland,

FOR JURY COMMISSIONER,
JOHN D. DECKER, of Potter twp.

FOR PRESIDENT JUDGE,
JOHN G. LOVE, of Bellefonte subject to the decision of the district judicial conference.

REPUBLICAN CONVENTION.

An Enthusiastic Gathering of Protectionists of Centre County.

The Republican county convention met in session in the court house in this place at 11 o'clock on Tuesday. County Chairman W. F. Reeder called the convention to order and Secretary H. C. Quigley read the call for the convention On roll call only two out of a total of 122 delegates failed to answer to their names.

The convention was then permanently organized by the election of S. C. Burnside, of Howard, as chairmen; C. F. Deininger, of Centre Hall, and J. E. Richard, of Rush township, as secretaries, and H. C. Quigley, of Bellefonte, as reading clerk. The regular order of business was then adopted.

On motion the chairman appointed as a committee on resolutions, J. L. Holmes, of College, R. T. Comley, of Union; S. S. Miles, of Worth; M. F. Loy of Burnside, and Dr. J. L. Hatch.

The first order of business on the program was nominations for jury commissioner, and the following were put up: Jacob Yarnell, Charles Smith, J. D. Decker, W. S. Wililams and H. A. Osman. The first ballot resulted as follows:

Decker	47
Williams	26
Yarnell	23
Smith	18
Osman	2.

There being no nomination on the first ballot a second was taken which resulted as follows:

Decker	55
Williams	28
Yarnell	21
Smith	14
Osman	3

There still being no choice a third ballot was taken, with the following result; Osman's name being dropped:

Decker	66
Williams	29
Yarnell	19
Smith	8

Mr. Decker having received a majority of the votes cast was declared the nominee for jury commissioner, and his nomination was made unanimous, on motion of Hon. James P. Coburn.

The next in order was the nominations for Assembly, which resulted as follows: P. E. Wolmesdorf, of Philipsburg; H. R. Curtin, of Roland, and James A. Fiedler, of Bellefonte. The result of the first ballot was as follows:

Wolmesdorf	110
Curtin	79
Fiedler	55

Wolmesdorf and Curtin having received a majority of all the votes cast were declared the nominees for Assembly.

Mr. Benjamin Rich, of Unionville, was nominated by acclamation for the office of Associate Judge.

Messrs. A. T. James, Frank Clemson and W. I. Fleming, were elected Senatorial conferrees.

W. E. Gray, Esq., then placed the name of John G. Love before the convention as Centre country's candidate for President Judge. A letter was then read from Hon. A. O. Furst withdrawing his name as a candidate for that honor. The Judicial conferrees then elected were W. E. Gray, Esq., J. W. Dunwiddie and S. C. Burnside.

On resolution J. G. Platt, W. L. Malin and John A. Dale were elected Congressional conferrees and instructed to use all honorable means to secure the nomination of Col. Ed. Irvin, of Clearfield.

W. F. Reeder, Esq., was then unanimously re-elected county chairman for the ensuing year.

RESOLUTIONS.

We, the Republicans of Centre county, in convention assembled, again reaffirm our allegiance to the principles and policy of the Republican party, and we approve the platform adopted at the Harrisburg convention on May 23rd, as fully enunciating and setting forth the cardinal doctrines of our political faith.

Second. We hereby express our hearty appreciation of the unanimous nomination given to our distinguished fellow citizen, Gen. D. H. Hastings, for the office of Governor of this great commonwealth. For this great honor bestowed upon Centre county, we thank our fellow republicans throughout Pennsylvania, and to them we pledge our united and earnest support in securing his triumphant election by the largest majority ever given to a candidate in this state.

Third. We will give our untiring and heartiest support to the entire ticket this day nominated, and will use all honorable means to secure its election, as well as the election of the Congressional, Senatorial and Judicial ticket for the districts of which Centre county forms a part

JOHN L. HOLMES, J. A. HATCH, S. S. MILES, M. F. HOY, } Com.

Hon. John G. Love was then brought before the convention and made a brief address, after which brief speeches were made by Hon. James Coburn, T. H. Harter, P. E. Wolmesdorf and Harry Curtin, and then the convention adjourned:

The Coal Strike Ended.

It may be regarded as settled that the immense strike of the soft coal miners is substantially ended. The miners in a few sections have thus far refused to accept the terms agreed upon by their representatives and the operators, but the great majority have accepted the settlement, and this week will witness a pretty general resumption of coal mining and shipments throughout the country.

This has been one of the most costly strikes of our history. The loss to the strikers in wages counts up in the millions, and it is difficult to estimate the losses sustained by operators and the many industries of the land which were affected by it. Like all strikes, great losses must be restored after the strike are ended, and it is rare indeed for either side to gain sufficient from the strike to compensate for the cost of it.

The coal miners of this country are inadequately paid. At the rate accepted by the settlement just agreed upon the average earnings of coal miners would hardly exceed $1 per day, and when the perilous character of the labor is considered and the injury to health, it must be admitted that the wages are wholly inadequate for the service and sacrifices of the miners. But how are miners' wages to be increased?

Nearly or quite every mining section of the country is crowded with ignorant, brutal foreigners. They have no knowledge or appreciation of American citizenship. They come here from the pauper class of Europe to underbid for the legitimate labor of Americans and the operators have in mistaken ideas of economy accepted them. They furnish cheap labor for a season and then speedily fall in with organized efforts to advance their wages; but in their struggle to increase their wages they have introduced lawlessness and assaults upon personal property into every great centre of industry, and thus cast reproach upon the organized labor of our mining regions.

We regret that this miners' strike has been settled without the stern exclusion from re-employment of every brutal foreigner who has resorted to lawlessness. If that had been done both employers and employed would greatly profit by it. It is well established that employers could much better afford to pay increased wages to legitimate American labor than to have their property and their person exposed to the turbulence of alien revolutionists. But they are here, and until they can be driven from our industrial centres there will be little hope of just wages to American workingmen in our mines.

It is well for the country that this great dispute between coal operators and miners has been settled. It will start the wheels of industry again, and as the tariff policy of the nation seems likely to be settled within the next fortnight, this resumption of the coal industries may be accepted as the beginning of a new tide of gradual but steady prosperity throughout the whole country.—Philadelphia *Times*.

Eddie Lose Dead.

Eddie Lose, the youngest of the three boys who were struck by lightning on Monday afternoon, after thirty-six hours of intense suffering, succumbed to his injuries, dying about two o'clock a. m. Tuesday night. Everything that could possibly be done, was done to give relief and sustain life, but without avail, the electric fluid had performed its work in too fatal a manner.

WASHINGTON LETTER.

Washington, June 18, 1894
(From Our Regular Co rrespondent.)

It would be difficult to say whether the sugar trust democratic Senators or the men who compose the sugar trust are the most frightened just now. The danger ahead of the sugar schedule is no longer, thanks to a robust expression of public opinion by the newspapers of the country, confined to the House. A movement is now on foot to modify the sugar schedule before the formal vote is taken on it in the Senate. If it were not for absolute pledges which democratic Senators have made there would be no doubt of the success of movement. Still the disgust of some of them is so marked that they may repudiate their pledges, prefering to offend the sugar trust rather than to lose the respect of thousands of their constituents.

The week opened with much uncertainty concerning the tariff bill. Senator Harris expected to have disposed of the wool schedule by the middle of last week, but it is still undisposed of, although it will be finished early this week, unless the threat to filibuster until some duty is put upon wool shall be carried out. It is expected that the debate on the income tax will occupy nearly or quite a week, and it is not yet certain that it will be reached this week. So there is little probability that the final vote will be reached before the first of July.

That there are more ways to kill a dog than hanging is proven by the manner in which Mr. Cleveland is trying to make Congress obey his request, not to enter upon any financial legislation at this session. The bill providing for a currency commission which shall spend six months in investigating the subject before submitting its recommendation to Congress is Mr. Cleveland's scheme to prevent action upon any financial bill, and the administration influence is being used to get it favorably reported from the House committee on Banking and Currency. If Mr. Sill, the man who gave the first information (for which he received several thousand dollars in cash) that the Carnegie Companies were not properly carrying out their contracts with the government for the making of armor plate for war vessels is not one of the greatest of the age the Carnegie companies, instead of being fined a few thousand dollars by Mr. Cleveland, should have been made to refund every dollar received for botched work and to have forfeited their contracts. Sill has been here for several days testifying in the investigation that is being conducted by the House Naval committee. The most of his testimony can be verified, as he specifies every piece of bad armor that was delivered to the government, and as it can all be got at and examined and probably will be in course of time. The odd part about this man's testimony when he set aside the decision of Secretary Herbert in this matter and himself made one very much more favorable to Carnegie, who evidently knew whose interest he was serving when he publicly enforsed the Wilson tariff bill in its original form, before going to Europe for an indefinite stay.

The explanation fever is no longer monopolized by democratic Senators. Representative Richardson, of Tenn., had a very bad case of it, when, in reply to the charge of a local paper that he had been using his position as a member of the House committee on the District of Columbia to speculate in real estate, he explained by saying that he had bought some real estate on speculation, which he sold to a real estate agent, without knowing that it was purchased for a street railway company which had a bill before the D. C. committee, and that it was a mere coincidence that he (Mr. Richardson) happened as a member of that committee to report a bill favorably to the House, which that railway company was very anxious to have passed, just four days after the sale of that real estate. Such coincidences are dangerous to public men.

The last democratic Senator to make an explanation was Ransom, of N. C., who confessed, after the facts had been ascertained by newspaper men, that his son, who is his committee clerk, had been speculating in sugar trust stock. It is not probable that Mr. Ranson would have ever said anything about it if the Senate investigating committee had not in deference to a general public demand examined every Senator at present in Washington, going alphabetically through the list. Senator Quay surprised nearly every body when he testified that he had been speculating in sugar stock; that he had a perfect right to do so, and would whenever he felt so inclined. The greatest interest is felt in the testimony of Senator Gorman, who is still absent and reported to be sick. It may be that Senator Gorman will join the other democratic Senators who helped him fix up the sugar schedule in denying everything, but there is reason to believe that he could tell some very sensation things in connection with this business if so disposed. But it is hardly probable that he will be so disposed when his testimony is taken.

HOW HE WAS CAUGHT.

He Was a Slick One but Not Slick Enough.

Mondays's Lock Haven *Democrat* says: The thief who stole the horse from J. F. Holt, Unionville, Centre county, was captured in this city last evening. The circumstances attending the arrest are some what interesting. Yesterday morning Chief Keller was informed that a man was endeavoring to sell a dapple gray mare in Mill Hall at such a low price that he was suspected of having stolen the animal. The chief at once warned the liverymen of the fact. At that time the officers did not know that any theif had been committed anywhere, but fear that the man would get away from this vicinity before he could learn more about him, he resolved to hold the man if possible. Accordingly when the man with the horse appeared in this city, Chief Keller told Liveryman Felmlee to purchase the animal for twenty-five dollars; that he should give a check on the Lock Haven trust company for payment, with instructions to the cashier to defer cashing it until today. The chief with the horse soon appeared at Felmlee's stable and the exchange was made as per instructions. About noon Mr. Holt, the owner of the animal, arrived in this city and informed the chief of his loss, his description of the stolen animal tallying with the one in the stable. The chief in the meantime on being told at the trust company's bank they would not cash the check until to day, purchased a pair of shoes from a neighboring shoe man and offered the check in payment. The merchant, thinking it was all right, cashed it. The thief then went to the circus, and last evening was arrested, but none of the money could be found he stating that he had spent it during the afternoon. This morning Chief Keller took the stealer of horseflesh to Bellefonte where he had a hearing before Justice Keichline, who committed him to jail for trial at August court. Mr. Holt promptly reimbursed Mr. Felmlee to the amount of the check, which was cashed by the merchant, and which wrs afterwards deposited in the First National bank.

The thief gave his name as George Rown, and he is only about 20 years old. He also stole from another man in Unionville a saddle and bridle. A few days before he stole the horse he ran away with a woman residing in Unionville, but the runaway wife was afterwards captured by her husband. Mr. Holt with his horse and the saddle and bridle left the city for home this afternoon.

Faster Running Locomotives.

A mechanical engineer, who has been giving for two years past much attention to the progress railway companies are making in the way of improved roadbed and equipments especially the mechanical department of the Pennsylvania, looking to increased speed and power of locomotives, says some great strides have been made in that direction, and that some giant locomotives have been turned out in the last few months at the Altoona and Juniata shops of the Pennsylvania, some of which have made a running record that the Pennsylvania people are not anxious should become known. He said from what he knew of the matter he was satisfied that within eighteen months the trains of the Pennsylvania would be running between Jersey City and Philadelphia 100 miles an hour, and added that the Pennsylvania was expending large sums of money putting down a heavier rail than was ever laid before, building its equipment much more thoroughly and getting its track above or below street crossings or towns and cities between the points named, which greatly simplifies the problem of running trains 100 miles an hour. He stated also that one of the new type of engines for fast service recently hauled six cars from Philadelphia to Jersey city, ninety miles, in ninety minutes, and without seemingly having reached its speed capacity.

Death of Esther McCaslin.

Mrs. Esther McCaslin, wife of Henry McCaslin, died at her home in Milesburg, an Tuesday, June 19th, aged 59 years, 6 months and 20 days. There are left to mourn her death a husband and six children, three sons and three daughters, as follows: John, of Milesburg; George, of Lamar, Clinton county, and William, of McKeesport; Mary E., of Milesburg, and Clara Watson and Sylvester, of McKeesport. The funeral will take place tomorrow at 10 o'clock a. m. from the house. Interment will be made in the Advent cemetery.

THE BEST newspaper is always the CHEAPEST. That the Pittsburg DISPATCH is the best newspaper between New York and Chicago, everybody knows.

THE M. D.'s MEET.

An Interesting Gathering Of The Centre And Clearfield Counties' Medical Association.

The joint meetings of the Centre and Clearfield Counties' Medical association, held in Philipsburg last Thursday, was attended by the following members: Drs. J. Y. Dale, Lemont; Tobin, Stormstown; Bird, Snow Shoe; M. G. Whittier, Houtzdale; J. L. Henderson, Osceola; Miller and Purnell, Ansonville: Stewart, Clearfield; Spackman, DuBois; Good, Osceola; Dunwiddle, McGirk, Lytle, Harman, Andrews, Henderson, Emigh, Buckingham and Potter, Philipsburg.

The guests were Dr. J. W. White, of Philadelphia, Drs. Ball and Watson, of Lock Haven; Drs. Miller and Harman, of Huntingdon, and Dr. Frea, of Williamsport.

Our townsman, Dr. S. F. Lytle, presided and made the address of welcome. Two sessions afternoon and evening, were held and are said to have been very interesting. At the afternoon session Dr. White, of Philadelphia, read a paper on "Prostatic Diseases" and Dr. Whittier presented one on "Eye Strain" Both papers were carefully prepared, and freely discussed. At the evening session another paper was presented by Dr. White on "Appendicitis," the discussion of which occupied almost the entire evening.

One of the most pleasant features of the whole affair was the banquet which took place at the Potter house immediately following the evening session. The large dining room was most beautifully decorated with flowers from the green house of Mr. C. C. Hess, and the "spread" was one of the most elaborate ever provided in all this section, reflecting great credit upon "mine host," Mr. George E. Leister, who spares neither labor nor expense in pleasing his guests, particularly on occasions of this kind. The occasion was enlivened by good music and numerous happy toasts.—*Journal*.

Farm House Burned.

From a defective flue the farm house of Emanuel Downing at Vail, took fire yesterday at one o'clock, and in less than two hours the property was in ashes. Mrs. Downing was baking and had a strong fire in her cooking stove when the fire occurred. Mr. Downing was not on the premises at the time, but within hearing distance of the large dinner bell which Mrs. Downing energetically rang, until her husband and others hastily made their appearance, too late, however, to save the house from total destruction but in time to remove most of the furniture and household goods from the building before the fire reached them. The nearest water at hand was a run about 200 feet distant. This could not be utilized except by the use of a few buckets, which process was too slow to check the progress of the flames.

Overcome by excitement, the great heat and hasty effort to save as much as possible Mr. Downing fainted. He remained insensible for a time, but through the efforts of his friends and the remedies at hand he recovered from the prostration without any visible injury remaining. John H. Rollman, whose anatomy contains more avoirdupois than will admit of exertion beyond a reasonable limit, also dropped out of the race for a little while. The application of a profuse cold water bath and a pretty effectual shaking up by several stalwart Bald Eagiers brought him around in a few minutes, and he is now moving about, emitting the usual amount of "cooked" aqua through the pores of his skin, a very necessary proceeding in hot weather to keep him in good trim.

Mr. Downing had his house insured for $500 and furniture and household goods for $300, in the North British and Mercantile Co. of New York, represented by W. F. Hiller. Fred. W. Keifer, adusting agent for the company will be here early next week to consider the loss. Mr. Downing's house is worth about $800, and he will doubtless be awarded the full amount of insurance on building. It is estimated that he will receive about one-third the amount of insurance on furniture, etc.—Tyrone *Herald*.

Children's Day Exercises at Milesburg.

On Sunday evening the Presbyterian church at Milesburg was crowded to its utmost capacity with those who participated in the exercises incident to the celebration of Children's Day, and with those anxious to witness the same. The ushers for the occasion were Messrs. John T. Laurie, Wm. Caldwell, Charles Peters, Robert Holmes, Jr., Ross Wallace and Ed. Nighart. The church was beautifully decorated from top to bottom, the various designs being very beautiful. One of the principal ones was "The Gates Ajar," and, in addition, several floral crosses, besides large boquets of wild and cut flowers. The programe was quite lengthy and exceedingly well rendered throughout, the music, recitations, etc., being exceptionally fine. Great credit is due Mr. D. E. Woodring for his untiring efforts in instructing the scholars. Also to Mr. Woodring's and Mrs. Baldridge's class of boys and, in fact, to everyone, for their efforts to make the exercises the success they were.

TAXES TO BE INCREASED.

Not Enough Money to Successfully Run the Borough.

The time of year is now here when the borough council has the duty to perform of laying the tax rate for the ensuing year. Last year the millage assesd was 2 for borough, 3 for street and 6 for interest and the net amount of the water duplicate, including special contracts, etc., was about $4,300. The total amount of receipts from all sources last year was $17,433.71, the expenditures $17,633.06. Under this state of affairs the borough officials think it will be necessary to increase the taxes, especially as some of the committees desire to expend more money this year on their line of work than was expended last year. But some of them don't want the people—the taxpayers—to know it. They have even gone so far as to attempt to muzzle the press, by saying "the newspaper men who says anything about it ought to be shot." However, we think it is a question with which the public has some business and on which they have a perfect right to be informed as fully as possible.

About the only difference that seems to exist between the councilmen is just where to make the raise. The majority are in favor of raising the water tax, while one or two want the increase placed somewhere else. Now there is just this difference. If the water tax is increased, it will fall the hardest on the poor man, who owns no property, while if the increase is made on either borough, street or interest tax, or on all, it will be a matter of only a few additional cents on the poor man, while the property owner will have to pay the bulk of it. But the most sensible way of all to do at such times as these would be to get along another year at about the same tax rate of last year; as everybody knows that Bellefonte taxes are high enough anyway.

ONE MAN KILLED.

And One Badly Scalded in a Boiler Explosion.

At half past ten o'clock this morning the boiler attached to the Bilger brothers' saw mill, near Pleasant Gap, exploded with terrific force killing Nelson E. Bilger, a son of Jonathan Bilger and aged about 22, and seriously scalding Herbert E. Bilger, a son of John Bilger, aged about 24.

It is not known just what caused the explosion, but it is said, that the boiler has not been considered in a good condition for some time. When the accident happened Nelson and Herbert Bilger were the only two men at the mill, the rest all having gone to the woods. Had it happened just ten minutes sooner there might have been a deplorable tale of a much greater loss of life to tell. The boiler and mill are a total wreck, there not even being enough of the former left to examine for the cause of the accident.

Nelson Bilger, the young man killed, was unmarried and was an exemplary young man in every way. His tragic death will not only be mourned by his family, but by everybody who knew him. It is not believed that Herbert's injuries will prove fatal, although they are quite serious.

An Interesting Case.

An important case came on for trial before arbitrators on Wednesday that involves the title to all the real estate of Everett south of Main street and west of the run in the centre of the town. In 1846 Samuel Tate conveyed to his daughter-in-law, Martha L. Tate, about 75 acres of land, including the land above described in the town of what was then known as Bloody Run. This Martha L. Tate sold off in lots and it is well built up with substantial residences and business blocks, in all worth $100,000 or more. Martha L. Tate died in the year 1893 and it is now claimed for her minor grand children that as her son Samuel B. Tate died before she did the title rests in his children. The case on trial is only a preliminary step. Suits will be brought against all the owners of lots purchased from Martha L. Tate, so it is said, and the present cases will be carried up to the courts of last resorts as test cases to determine the titles to all. The litigation promises to be the most important this county has had for years. If the present suits are won by the minor children of S. B. Tate it settles the title of Martha L. Tate and the children will recover all of the 75 acres included in the Samuel Tate deed.—Bedford Gazette.

Ripans Tabules: one gives relief.

NO SURRENDER.

A Mass Meeting Held at Punxsutawney on Wednesday.

Punxsutawney, Pa., June 13.—"No surrender" was, in effect, the outcome of the miners' mass meeting to day, and in emphatic language were the coal companies denounced for refusing to make any compromise with the delegates at Altoona. The leaders advised the men to remain just as they are, to obey the law and to offer no violence to the guards if they do this they will be victorious in the struggle. The Italian and Slav contingent among the miners was excited, but conservative speeches made by interpreters kept them in check.

Most of the men who had been served with eviction notices at Horatio voluntarily left their houses to day. The failure of Governor Pattison to respond to requests for the use of tents until the trouble is over is causing them anxiety.

The settlement of the strike in other sections has had no perceptible effect upon the miners in this district, and the outlook to night is that the strike will continue indefinitely.

SIXTY STRIKERS PLACED ON TRIAL.

Uniontown, Pa., June 13—The sixty strikers who were arrested during the Stickle Hollow riot at the Washington Coal company's mine wherein four of their companions were killed and a number wounded, were all placed on trial this morning, charged with riot and unlawful assemblage. The jury is being selected and all will be tried together. Samuel Mason will be the next Paddock murderer placed on trial.

Another gatling gun will be taken to Rainey's Moyer works this morning and will be placed near the Vanderbilt works of the Rainey company.

Five carloads of negroes were taken up the Mount Pleasant bridge at daybreak this morning and distributed among the Frick works. This morning 1,000 strikers gathered near the Proctor works, it being reported that work would be resumed to day. They were held in check by the deputies who patrolled the barricade, which is being erected around the plant.

The operators are making greater gains in the way of resuming work with the new men this week than at any time since the strike began.

WILL HAVE A DISTRICT CONVENTION.

Pittsburg, Pa., June 13.—District President Cairn, of the United Mine Workers' union, returned to Pittsburg this morning and at once issued a call for a district convention to be held in Pittsburg on Friday. At this meeting the district officers will explain the terms of settlement agreed upon at the Columbus convention and the miners will be advised to accept them and go to work on Monday. There is a great deal of indignation among the miners and reports of indignation meetings are numerous. It is confidently believed, however, by the mine officials that the men will accept the terms offered and that they will go to work on Monday morning next.

STRIKE AT COAL CREEK ENDED.

Coal Creek, Tenn., June 13.—All the miners in Coal Creek and Briceville district resumed work to-day. This includes the Black Diamond, operated mines, which worked but very few men since the strike began. The miners returned to work at the old scale. A great number of objectionable miners were discharged. It is now believed that the strike is at an end here.

DETECTIVES WERE SLEEPING.

Mount Olive, Ill., June 13.—A freight train on the Wabash railway and also one on the Mobile and Ohio railroad were held up here early this morning by alleged coal-mine strikers and a number of cars, loaded with vegetables and provisions, were looted. Three detectives were enjoying a sound sleep in the caboose while the cars were being robbed.

CAPTURED A MINERS' CANNON.

Camp Wheeling Creek, O., June 13.—Colonel Colt captured a miners' cannon at Midvale to-day. Shots were fired and stones thrown at the Fourteenth regiment this morning.

Relics of the Great Flood.

From the Johnstown Tribune: Tuesday evening, while a laborer employed by the Johnstown water company was digging a ditch through a cellar on Washington street that had been excavated some time befor the great flood, he unearthed portions of several railroad cars. Nothing but the lower parts of the cars can be seen yet, and it is thought they are baggage cars or coaches. It is believed they were washed there from the Conemaugh yards, and some people think they were attached to the illfated day express that was standing at Conemaugh when the water rushed upon it.

The body Exhumed.

The body of Daniel Fahringer, who was instantly killed by lightning, some four weeks ago near Tusseyville, was exhumed on Thursday, of last week, in order that his father and mother, who live in York county, and could not get to Tusseyville sooner on account of the flood, might have their desire to see him, gratified.

Wealers Seize A Train.

Springfield, Ill., June 13.—Official information reached here early this morning that a train of fifty cars of freight on the Louisville, Evansville and St. Louis Consolidated railway had been forcibly seized at Fairfield by a band of fifty men calling themselves Coxeyites. The train was en route from St. Louis to Louisville and the men demanded passage to the latter place.

Judge Allen at once issued an order directing United States Marshal Brinton to proceed to Fairfield and take such measures as are necessary to rescue the train from the wealers. Deputy United States Marshal Westfall has gone to Fairfield and should he require assistance will swear in deputies there.

Will the Settlement Settle?

There are grave doubts of the completeness of the settlement of the dispute between the striking miners and the coal operators agreed upon at Columbus on Monday. The agreement, which in enact is a compromise at one half the advance asked by the miners, is denounced by many of the strikers, and it now remains to be seen whether the labor leaders who took part in the conference can induce their followers to agree to the agreement. They wisely gave themselves a week in which to persuade the strikers that half a loaf is better than no bread, but the indications are that they have taken on themselves a big week's contract.

Without assuming to decide whether the advance conceded by the coal operators is all that the miners are entitled to, there are some features of the agreement that are based upon common sense principles. Chief among these are the difference in the prize of mining, to be determined by local conditions, ranging all the way from 50 cents a ton in the Pittsburg thick vein, to the winter rate of 85 cents at Wilmington. This allows the operators a chance to adjust the difference between good and poor coal, thick and thin veins, deep and shallow mining and long and short hauls in seeking a market. It is doubtful whether the differences allowed cover the actual in the several sections, but the principle is a sound one as far as it goes.

It is too early to strike a debt and credit balance and declare to a dead certainty the loss or gain to the miners of the strike. It is very certain, however, that the operators have profited rather than otherwise, as they have been to market all surplus, whether of coal or coke, at advanced prices besides selling at a good price many thousand tons of slack coal which has heretofore been entirely unmarketable. If they resume now it will be with old stock cleaned out and with an active demand for freshly mined coal at an advancing price. As an offset to this the miners have secured an average advance of ten cents a ton after two months of idleness, during which they earned nothing.

Without going into a nice calculation as to who comes best out of the conflict, the general public will hope that the settlement will be accepted, work resumed and peace restored. There has been so much of riot and turbulence attending the strike that the public have not only become thoroughly tired of it, but very much prejudiced against the ignorant, brutal, disorderly foreign element which has dominated the strike and instigated the violence in most localities. Any further continuance of the disorder will still further alienate public sympathy and render the ultimate success of the strike an impossibility.

A COMMON QUESTION.

WHERE MAY WOMEN GO FOR HELP?

How Many American Women Have Asked This Question of Themselves.

[SPECIAL TO OUR LADY READERS.]

You may call it dangerous modesty if you will. It is in woman's heart, and is part of woman's nature.

She shrinks from telling her physical troubles to men.

During the past 20 years thousands of women throughout the world have written in womanly confidence to Lydia E. Pinkham at Lynn, Mass., and laid bare the life of misery they endured.

They wrote freely, knowing that their letters went direct to the hands of a woman who not alone understood their sufferings but whose heart was full of sympathy with them. The experience of thousands has proved how carefully their letters were studied, and how true and sure came the answer and helpfulness.

You may be suffering daily when you need not. You can tell the story of your pain to a woman, and get the help that only a woman can give.

A young lady from Boston writes to a friend, saying:—"They said I was consumptive, sent me away, told me to keep quiet, no excitement, no tennis. Just think of it! One day I found a little book called 'Guide to Health,' by Lydia E. Pinkham. In it I found out what ailed me, so I wrote to her; got a lovely reply. She told me just what to do, and I am in splendid health now."

The same assistance is waiting for you. *Lydia E. Pinkham's* Vegetable Compound has relieved more female suffering than any other medicine in the world.

IN THE SENATE.

The Wool Schedule of the Tariff Bill Under Discussion.

Washington, June 13.—The second days' debate on the wool schedule was opened to-day in the senate by Mr. Sherman, who made an earnest argument against free wool as a thing that would result in the destruction of the wool growing industry of the country and would be "the culminating atrocity of the bill."

He declared that the pending bill if it were submitted to the people of Ohio who were largely interested in wool growing would not receive the support of one fifth of the voters.

He was followed on the same side of the question by Senators Dubois, Steward, Shoup, Hansbrough and Mitchell. Mr. Mitchell demanded for the wool grower consideration equal to that given to the woolen manufacturer whose duties had been cut down between one-half and two-thirds. "Do with the wool grower," he said, "no worse than that.

After the delivery of these speeches a discussion was started by Mr. George, of Mississippi, as to whether if a duty were placed on wool (to which he did not express any opposition) compensatory duties additional to those reported by the finance committee, would have to be given to manufactured goods. That discussion occupied an hour and a half, and was closed by Mr. Frye, of Maine, with a passionate appeal for protection to American wool growers.

All the day Mr. Quay, of Pennsylvania had been hovering about the chamber ready to go with the eighth instalment of his speech whenever the supply of talk from other senators failed. Occasionally he crossed over to the democratic side and held conversations with Mr. Jones, of Arkansas, and other members of the finance committee, as if he were negotitating terms on which he might be willing to wind up his speech. If that was his purpose it must have failed, for half an hour before the usual time of adjournment he resumed the floor and set out to read another section of his apparently endless speech. Mr. Quay soon yielded the floor to Mr. Harris, of Tennessee, who asked unanimous consent that after a speech by Mr. Aldrich tomorrow the further discussion of wool schedule should be under the five minute rule, but it was announced that Senators Lodge, Platt and Teller desired to speak tomorrow on the wool schedule and did not wish to be restricted to five or ten minutes.

Finally Mr. Harris said that he was raising no question about intentional delay. The thing he complained of was the delay itself. He gave notice that he would press his request tomorrow and hoped that it would meet with better success than it met with today.

The tariff bill was then laid aside and a senate bill was passed to increase the pension of Joseph W. Fisher, formerly colonel of the 195th Pennsylvania volunteers, to $52 a month.

The senate at 6.10 p. m., after a short executive session, adjourned until tomorrow.

Father and Child Die Together.

Cammal, Pa., June 13.—A terrible accident resulting in the loss of two lives, occurred at the saw mill of Groesler & Co., at DeLoy's siding, near here, at 8 o'clock this evening. Fireman Joseph Bickner, accompanied by his 5-year old daughter, had gone to the mill to burn the surplus sawdust, when without the least warning, the boiler exploded, instantly killing the man and child. The bodies were removed from the ruins of the engine room as soon as possible, both being terribly mangled and scalded.

The saw mill was new, but the boiler was an old one, of 65 horse power. Steam was generated by burning the sawdust, but as there was a surfeit of fuel it was the custom of the fireman to go to the mill and burn it during the evening. On this occasion he was accompanied by his little daughter, whom he idolized, and who he considered it a great pleasure to go with him to the mill.

The news of the explosion created great excitement at this place and a large crowd hurried to the scene.

The mill stood along the Fall Brook railroad and had a capacity of 40,000 feet per day. One side of the structure was blown out. The cause of the explosion is attributed to low water in the boiler.

Lawyer Dress Convicted.

Lawyer A. J. Dress, of Philipsburg, was convicted at Reading on Tuesday of swindling the heirs of the so-called Spang estate of fifteen millions in Germany. The heirs sent Mr. Dress to the old country, where he remained for almost three years. He wrote his clients several letters, in which he stated that he was just on the verge of recovering the vast estate, and that all he needed was a little more money. This was sent to him in amounts varying from $50 to $100. This inheritance was glowingly pictured as consisting of lands, forests, castles, mills and manufactories. The author of this well organized swindle has finally been caught in the noose of the law.

How to Get the Bulge on Flies.

For destroying flies the following is said to be excellent: Mix together equal parts of melted resin and castor oil, stirring for a minute or so, until it is thoroughly mixed. Spread even and thin on strong, thick paper, leaving a margin for handling. Any kind of old paper that is not porous will do, and an old case knife does well for spreading the mixture. Lay the paper wherever the flies are numerous and burn when full, repiacing with fresh. The yolk of an egg, beaten with a tablespoonful each of molasses and black pepper, set in shallow plates is also said to be an effective fly poison.

SPECULATION.

The Hodgen Commission Company,

BROKERS,

248 Chestnut Street, Philadelphia, Pa., offers special facilities to traders in Stocks, Bonds and Grain, in large or small quantities, for cash or on margins of one per cent. or more. Send for our pamphlet "*How to Speculate.*" 22 tf

—The short-berry straw-cake season is drawing to a close.

—On Wednesday the State College ball team defeated the Demorests by a score of 7 to 3.

—A Commandery of the Knights of the Golden Eagle has been organized in the Bellefonte Castle.

—Supt. C. L. Gramley is now holding his regular teacher's examinations through out Centre county.

—James A. Fiedler has rented a part of the Harris property on Howard street and will move his family here from Williamsport in the near future.

—The Lutherans at their social at the home of Mr. L. H. Wian, on Thursday evening, had a very enjoyable time and realized a snug little sum.

—The rattlebang of the mowing machine will soon be heard throughout the land, and the wheat fields will ere long be putting on their dress of gold.

—Masons are already at work on the walls of the new armory for Company B., being erected by Col. W. Fred Reynolds, on the corner of Lamb and Spring Streets.

—Property owners in Centre Hall have been notified that unless some arrangement was made for the extinguishment of fires rates for risks in that town would be considerably advanced.

—On Saturday, of next week, the flour and feed mill of the John M. Wagner estate, at Milesburg, will be offered at public sale at the court house in this place. There will also be some real estate sold.

—Quite a gay little social party and dance was given at the home of Mr. James Whittaker, over this office, on Wednesday night, and the pretty young ladies and handsome gentlemen present enjoyed themselves immensely.

—On Thursday Clayton Brown caught a trout in Spring creek which measured 15½ inches in length and almost five inches deep across the side. It is the prettiest specimen of trout the writer has seen this season. Clayton has it in his aquarium.

—On Friday evening, of next week, June 22nd, the dancing school of Miss Minnie Brew, now being held in the Bush Arcade, will close with a subscription dance. Stopper & Fisk's orchestra, of Williamsport, will be present and furnish the music for the occasion.

—W. F. Reeder, Esq, is just completing one of the handsomest stables in Bellefonte. It is built of hard pressed brick and will be finished throughout on an equal scale. When finished it will be a "dandy". Mr. Reeder is one of those kind of men who believe in doing everything on a good scale.

—Some important improvements are being made on the residence of Mrs. McClain, on Allegheny street. Part of the front of the lower story has been taken out and large double doors put in, where the small single door stood. Just what the entire improvement is to be we have not yet learned.

—On Wednesday the Blair County Banking Company elected A. G. Morris, President, and A. G. Curtin, E. C. Humes, John P. Harris, A. G. Morris and S. C. Stewart as the board of directors. Mr. T. J. Gates, who has been in the bank for a period of nineteen years, was unanimously elected cashier.

—A number of the young men almost missed the train Wednesday evening going to State College. Charles Dorworth was a little late and ran down to the lime kilns, then fainted when he got on the train and for some time everybody on the train thought he was going to die, but he come around all right and was able to dance twenty-five out of twenty-seven dances.

SAILED THE SEAS 38 YEARS.

One of His Experiences.

For thirty-eight years Capt. Loud followed the sea, most of that time as master of a vessel, and upon retiring from the water was appointed by the Secretary of the United States Treasury to superintend the seal fisheries in Alaska, which position he held five years. He relates one experience as follows:

"For several years I had been troubled with general nervousness and pain in the region of my heart. My greatest affliction was sleeplessness; it was almost impossible at any time to obtain rest and sleep. Having seen Dr. Miles' remedies advertised I began using Nervine. After taking a small quantity the benefit received was so great that I was positively alarmed, thinking the remedy contained opiates which would finally be injurious to me; but on being assured by the druggist that it was perfectly harmless, I continued it together with the Heart Cure. Today I can conscientiously say that Dr. Miles' Restorative Nervine and New Heart Cure did more for me than anything I had ever taken. I had been treated by eminent physicians in New York and San Francisco without benefit. I owe my present good health to the judicious use of these most valuable remedies, and heartily recommend them to all afflicted as I was."—Capt. A. P. Loud, Hampden, Me.

Dr. Miles' Restorative Nervine and New Cure are sold by all druggists on a positive guarantee, or by Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, $1 per bottle, or six bottles for $5, express prepaid. They are free from all opiates and dangerous drugs.

Ripans Tabules are always ready.

Energetic Advertising Succeeds.

During these times, when business has to be forced, the rewards of trade go to those who have the energy and enterprise to reach after them and deserve them. It is during such a condition of affairs that the sagacious business man perceives the advantage of making frequent appeals to the public. He reasons well that when trade is slack that what there is of it goes to those who have the courage and energy to ask for it. This is true in every line of business. Merchants who are making strenuous efforts to stimulate and invigorate languid trade by persistent and judicious advertising are getting the largest share of the business of the day. Those who lack spirit and exhaust their energies in complaining about the condition of trade, without displaying real enterprise in competing for it, are steadily losing ground. It is a fatal mistake for business men to lose courage in dull times and to imagine that trade is so bad that it is useless to attempt to work it up by commanding public attention through advertising. It is the concurrent testimony of the most energetic merchants in trade that returns from advertising were never more direct and speedy than they have been during the past year of depression.—*American Paper Trade.*

Don't Overdraw Your Account.

We copy the following extract from an article entitled "Duty of Patrons to a Bank," published in the American Banker, of New York, under date of June 6, 1894:

Customers should be careful not to overdraw their accounts, for beside the risk of having their checks protested it is a method of using the bank money which meets with great disfavor by the banks. Banks often pay checks which cause an overdraft and notify the party drawing. It is then the duty of the patron to at once settle the overdraft—in fact he is greater bound morally than he would be to pay a note. He has obtained a sort of forced loan, the bank making it rather than protest his paper.

The profit to the bank is comparatively nothing, and its action in paying the check is a considerable courtesy to the customer, and the overdraft is always intended by the banker to be temporary.

Death of John B. Leathers.

On Thursday evening Mr. John B. Leathers, who has been suffering from the effects of a paraletic stroke received several weeks ago, died at his home in Mt. Eagle. Mr. Leathers has lain in a state of unconsciousness for almost four weeks, taking little or no nourishment, and from the fatal stroke there was little hopes for recovery. Deceased was aged about 61 years and has lived in and near Mt. Eagle all his life. For a number of years he operated the pottery works at that place, and later a handle factory. In addition to a large circle of friends there is left to mourn their loss a loving wife and a number of children, among whom are Misses Cora E., Olive E. and Florence M., all well known in Bellefonte. There are also a couple sons. The funeral will take place Sunday morning at 10 o'clock from the house.

Died On Tuesday.

Mrs. Mary Ann Durst, nee Condo, widow of Daniel Durst, died on last Tuesday night at the home of her son Samuel Durst, at Earlystown. She had been ill for several months, and had been in a critical condition for several weeks, and her demise was not unexpected.

She was aged about eighty years. She was an estimable lady, kind in disposition, and was a consistent member of the Lutheran church.

She was the mother of several children of whom Samuel and James, living near Centre Hall, and Andrew and Aaron, living in the west and Alfred, living at Potters Mills, survive her. Her husband, Daniel Durst, died about a year ago.

The funeral took place this morning at ten o'clock, from the residence of her son Samuel. Burial was made in the cemetery at Tusseyville.

Perfect in Every Detail.

Lieutenant L. D. Green, of the Seventh United States infantry, says: "With the greatest pleasure I have looked over, not once, but several times, "*Glimpses of America.*" Being familiar with many of the views I may say it is the finest collection of pictures I have seen of the grand and beautiful in nature in this country, not only in the artistic sense which selected the views, but in the work of reproducing the original photographs, perfect in every detail."

And now, we say, did you ever see them? If you didn't, you have missed a wonderful treat. The illustrations are marvels of wonder. So life-like, real and natural that one can easily imagine oneself on the scene of the picture. You can get them only at this office. Bring one coupon and ten cents in coin and get part I.

Lightning's Work.

A terrific storm of thunder and lightning, with very heavy rain and hail, swept over this region Tuesday afternoon. During the storm a bolt of lightning struck the residence of a man named Bean in South Philipsburg, tearing the house apart from top to bottom and injuring Mr. Bean's aged parents very badly.

—Olive Smith, the twelve-year-old daughter and only child of Mr. and Mrs. Isaac B. Smith, of Renovo, died Wednesday evening of hemorrhages of the gums. There seems to be only a few cases like this on record. Mr. Smith is secretary of the Railroad Young Men's Christian Association in that place.

Who Graduated.

Wednesday was graduating day at the Pennsylvania State College and the crowd in attendance was the largest that has been present for years. Mr. Boyd A. Musser, well known in Bellefonte, took first honors in the class of twenty-four, and was valedictorian. The Commencement address was delivered by Wm. Pepper, M. D., LL. D., Provost of the University of Pennsylvania, and it was a very able and intersting address.

Following is a list of the graduates: Wm. Banks, Indiana; Fred Barndollar, Everett; Abram D. Belt, Wellesville; Roger Bowman, Philadelphia; Paul B. Brenneman, Saxton; John M. Brewer, Philadelphia; Albert F. Damon, Darby; Walter M. Dickson, Philadelphia; Harry P. Dowler, Burnside; Authur G. Guyer, Warrior's Mark; John B. Hench, Northumberland; Susannah S. Hunter, Stormstown; Edwin B. Kirk, Kennett Square; Charles E. Kremer, Ridley Park; Ralph F. Martin, Shenandoah; Frank K. Mattin and Lewis W. Mattern, Warrior's Mark; Boyd A. Musser, State College; James E. Quigley, Blanchard; Wm. H. Rebhun, Natrona; Walter Alexander Silliman, Pottsville; Wm. C. Thompson, Lykens; Walter B. Waite, Water Street; John White, Milroy.

Wednesday evening the graduating class gave their farewell reception and dance in the armory, which was attended by a tremendous crowd.

A Wedding at Spruce Creek.

A very pretty wedding occurred at the comfortable and hospitable home of Mr. and Mrs. E. B. Isett, Spruce Creek, at 8 o'clock Thursday evening. The contracting parties were Elernor Stockdale Isett and Dr. Edmund Owens, of Dixon, Ill., and the ceremony was performed by Rev. Stephen W. Pomeroy, of Mill Hall, Clinton county, who was assisted by Rev. Sylvester W. Young, of Arch Spring. The maid of honor was Miss Thompson, of Spruce Creek, and the bridesmaids were Miss Pomeroy, of Mill Hall, and Miss Hess, of Beech Creek. The groom's best man was Mr. Charles Owens, of Pawpaw, Ill. The ushers were Mr. Henry Quigley, of Bellefonte, and Mr. Samuel H. Wigton, of Altoona.

—On Wednesday evening Mr. Jacob Gross, tailor, took the measurement of the Bellefonte band for the purpose of ordering their new uniforms, for which near the the neccessary amount of money has now been raised, and which they expect to wear on the Fourth of July. The uniforms will be of navy blue with trimmings in black, and caps to match. The cost will be a neat fitting short sack and the whole outfit will appear quite dressy. [illegible] citizens are showing their interest in the band by the way they came up with their subscriptions for the new uniforms. Let the band play some more.

PRINTER'S PECULIARITIES.—A printer don't rush to the doctor every time he is out of sorts. Nor to the bakery when he is out of pi. Nor to the wood pile when he wants a stick. Nor to the Bible when he wants a good rule. Nor to the gun smith when he wants a shooting stick. Nor to the cabinet shop when he wants furniture. Nor to the bank when he wants quoins. Nor to the girl when he wants a press. Nor to the lawyer when he has a dirty case. Nor to the butcher when he wants phat. Nor to some other place when he wants a devil.—*Martinsburg Independent.*

A Democratic Slate.

At an informal meeting of prominent Democrats from different parts of the State, who were returning from commencement exercises at the State College held in this place Thursday, it was decided to urge the nomination of the following ticket by the Democratic State convention; For Governor, William H. Singerly; Lieutenant Governor, James M. Guffey; Auditor General, Gen. W. W. Greenland; Secretary of Internal Affairs, Charles Robinson, of Scranton; Congressman-at-Large, Gerard C. Brown, of York, and Hannibal K. Sloan, of Indiana.

Death of John Wilson.

Mr. John Wilson died at his home on East Bishop street Wednesday night at 11 o'clock, after an illness dating back twenty-four years. Mr. Wilson was formerly a resident of Zion, but moved to Bellefonte several years ago. He leaves a wife and five children, Jacob, a son being a clerk in Irwin's hardware store. Deceased was aged about 70 years.

HUNGRY BUT HONEST.

An Italian Finds a Check Probably Blown From a Car.

Early Wednesday evening two intelligent looking Italians, one of whom bore a somewhat emaciated appearance walked into the police station. The one mentioned was unable to speak English and his companion acted as interpreter, by which a curious case of suffering and honesty was developed. The emaciated one, whose name is Sandy Rendio, started last Saturday morning from Altoona foot it to this city. He arrived here yesterday, footsore and almost starved, having subsisted only on a few meals given him by a few charitably disposed farmers. But the other part of the story: After leaving Bellefonte he proceeded a few miles along the railroad when he found an envelope which contained a check for $59.13, payable to W. S. Williams, and sigued by D. M. Bare & Co., of Roaring Springs, Pa. The envelope bore Williams' address but the Italian being caught in the heavy shower on Tuesday night, the envelope became saturated, fell to pieces and was lost. The Italian brought the check to the police station and desired Captain Worrall to find the owner. He seemed to fear that he would be punished for this temerity in handling the check but was finally reassured. Captain Worral wrote to Bare & Co., about the affair and the honest "Ike" will likely soon be rewarded for his disposal of his find.—Williamsport *Gazette and Bulletin.*

Conditions More Favorable.

The weather crop bulletin for the week ending June 11th, says: Everything except grass and small grains backward from lack of warmth and sunshine. The conditions for the last two or three days have been favorable, and its effect will soon be felt. Wheat is maturing well, and grass is reported from fair to good. Some will soon be ready to cut. Many oats fields have a rusty appearance. Much of the corn and potatoes planted just before the heavy rains rotted in the ground, and reseeding will be delayed and made late. Corn that is up is yellow, but will improve rapidly with warm sunshine. Early planted potatoes doing very well and improving daily. Potato bugs unusually scarce. Fruit continues to fall, but some orchards are promising, though the yield will be light. Berries may be plentiful.

James Carpenter to be Hanged.

To-day James Carpenter will be hanged at Mifflintown, Juniata county, for the murder of his father. The murderer has a wife who lived at Port Royal where the tragedy occurred. Last December Carpenter hit his blind father with a club and then cut his victim's throat. An hour later, with the assistance of his mother, he placed the body on a small hand sled, dragged it to the Tuscora creek and rolled it into the stream where it was found two days later. The son was arrested on suspicion and subsequently the mother was taken into custody. On the trial she plead guilty after the fact and is now in the western penetentiary, where she will stay for two years. She was also fined $500.

All Three Borne to the Tomb.

The last child of Mr. and Mrs. R. M. Reed, of West Clearfield, died on Thursday evening of last week. The reaper, death, has taken three dear little children from these parent sinside of 20 days. He can take no more as all have been borne to the tomb. Their deaths occurred as follows: Ruby Maud Reed, aged 5 years, 11 months and 18 days, died May 18th; Lulu Myrtle, aged 4 years, 9 months and 23 days, died on May 23rd; Harold George aged 1 year, 4 months and 16 days, died on June 7th. A month ago they were all in the enjoyment of good health.

New Military Button.

Patriot: Slight changes have been made in the button for the national guard, and that all may be uniform, a sufficient number of buttons to replace those on the uniforms have been sent to the different organizations. They will not be charged against the annual allowance. The commanders of the different organizations have been directed by Adjutant General Greenland to see that the buttons sent them are put on the uniforms, and that any new uniforms that may hereafter be manufactured have only the latest pattern of buttons thereon.

Annual Meeting of State Teachers.

The Thirty-ninth annual meeting of the Pennsylvania State Teachers Association will be held at Media, Delaware county, Pa., July 3d, 4th, and 5th. An interesting program has been prepared. On the afternoon of the 4th there will be an excursion to Chadd's Ford over the historic grounds of the battle of Brandywine. Railroad tickets will be sold at reduced rates upon orders which will be supplied by L. S. Shimmell, Secretary of the Executive Committee, Harrisburg.

A New Pest.

The farmers in the lower end of Cumberland county report that a new pest has made its appearance in the wheat, rye and oats fields of that section. It is of a species of vermin which he designates as the green louse, which is of the color of the cerial, and requires the sharpest eye of the closest observer to distinguish. All the fields are literally covered with it, and much injury has already been done. Its advent is attributed to the recent spell of wet weather.

Mothers

No Appetite

Faint all gone

YOU REQUIRE PROPER NOURISHMENT

Mrs. C. S. TURNER, Chelsea, Mass. SAYS—

I was very much run down, no appetite, and had a faint, all-gone feeling all the time; ordinary food distressed me. After much urging, I was induced to try

BOVININE

The Original Raw Food

It was remarkable how quickly I returned to health and strength under its influence. It seems all I needed was proper nourishment — many people starve in the midst of plenty, for the want of a suitable food.

25,000 physicians endorse Bovinine as being the only reliable condensed raw food.

All druggists sell it.

THE BOVININE CO., NEW YORK.

PISO'S CURE FOR CURES WHERE ALL ELSE FAILS. Best Cough Syrup. Tastes Good. Use in time. Sold by druggists. CONSUMPTION

Non-Ball-Bow

is an arbitrary word used to designate the only bow (ring) which cannot be pulled off the watch.

Here's the idea

The bow has a groove on each end. A collar runs down inside the pendant (stem) and fits into the grooves, firmly locking the bow to the pendant, so that it cannot be pulled or twisted off.

It positively prevents the loss of the watch by theft, and avoids injury to it from dropping.

IT CAN ONLY BE HAD with Jas. Boss Filled or other watch cases bearing this trade mark—

All watch dealers sell them without extra cost. A watch case opener will be sent free to any one by the manufacturers.

Keystone Watch Case Co., PHILADELPHIA.

HOLD A MEETING,

The Fruitless Result of the Altoona Conference Reported.

Philadelphia, June 18.—The bituminous coal operators of central Pennsylvania held a meeting to day in this city. The committee of seven, appointed to confer with the striking miners, reported the fruitless result of the conference held at Altoona, last week, and their action on that occasion was approved by the meeting.

The operators then unanimously decided to maintain the attitude which they have preserved from the very first; that is refusing to pay higher wages than 40 cents per gross ton. There was not a single dissenting voice, the operators being all of the opinion that they cannot afford to grant the strikers' demands.

Mr. E. J. Berwind, who presided, stated subsequently that the meeting had been entirely harmonious, and that there was only one opinion as to the advisability of continuing to follow the course of action outlined at former meetings of the operators. Work at the mines will be resumed with new men as fast as these can be secured.

The strike in central Pennsylvania will thus be prolonged, and, judging by the firmness displayed by the operators today will not terminate until the strikers give in, or until their places have been filled by new men. The Columbus agreement for a general resumption of mining to-day did not apply to the central Pennsylvania region, for the reason that these operators were not represented at the meeting in Columbus.

HALF THE MINES HAVE STARTED.

Pittsburg, June 18.—But few reports have reached the city from the Pittsburg mining district today. It is safe to say, however, that at least one-half of the mines were started and by Thursday it is expected that a majority will be in operation. The miners and operators have not altogether definitely settled concerning the dead work scale and the price to be paid for laborers. The situation in the river district is still a trifle complicated and it is not known when the river pits will resume. A few of them have already gone to work, but the majority is idle. Many of the river operators object to signing a scale for a year. It is possible that serious complications may yet arise in the river district.

District President Cairns, of the miners' union, has received several calls today to go to different points in the district to adjust vexing questions that have arisen. From this it will be seen that all is not smooth by any means and that the district officers will have much to do before getting everything in order for a general resumption.

Nearly all of the many mills and factories in the vicinity of Pittsburg that have been closed by the fuel famine are preparing to resume at once.

The Plague in China.

Hong Kong, China, June 13.—The native population is leaving the city by thousands daily on account of the plague. It is estimated that 100,000 people have fled and that 1,500 deaths have occurred. Several Europeans have been attracted by the plague and one of them has died. The number of deaths is estimated to be 100 a day. The labor market is paralyzed by the spread of the plague.

The government proposes to demolish the unhealthy native quarters of the city. A failure of the revenue derived from opium is expected as a result of the exodus of the population.

Tried to Kill His Wife.

Scranton, Pa., June 14.—Mr. and Mrs. Walter Benn are members of the Henry Comedy company that is now filling a week's engagement in Archbald, this county. Benn and his wife have not been on good terms for some time and each has made charges against the other. This morning Benn reappeared at his wife's home after an absence of two days and found her in the room of Miss Ethel Fuller another member of the company. Drawing a pistol he fired two shots at his wife in rapid succession. One of the bullets lodged in a door post, but the second struck Miss Fuller in the breast and lodged in the region of the heart. A physician was able to remove the ball and Miss Fuller will recover unless blood poisoning sets in. Benn is now in custody awaiting the result of Miss Fuller's injuries.

Stretched Hemp.

MIFFLINTOWN, Pa., June 14—James Carpenter was hanged at 10.53 a. m.

During the days approaching his end the prisoner manifested a stolid indifference as to his fate, and maintained the same demeanor up to the time of his death. Religious services were held in his cell at 10.30 o'clock, and at 10.45 o'clock he was taken to the scaffold in the jail yard, where he delivered an address of about three minutes' duration proclaiming his innocence, forgiving all who sinned against him, thanking the sheriff for his kind treatment, commending his soul to God and asking for a decent burial. The drop was struck by the sheriff at seven minutes of 11 o'clock and at one minute after 11 he was pronounced dead by County Surgeon Crawford. His neck was broken. A crowd thronged around the jail yard during the execution and fully 2,000 persons viewed the body after the hanging.

The Fools are not all Dead.

A lazy man whose horses and cart were stuck in the mud, prayed to Jupiter for help. Jupiter answered: "Fool! get up and put your shoulder to the wheel, and do not call on me when you can help yourself." Foolish people buy medicine, hap-hazard, blindly trusting to promises made without a guarantee. Dr. Pierce's Golden Medical Discovery is guaranteed to cure colds, coughs, all lung affections, and even Consumption in its early stages. It puts to rout all stomach troubles, purifies the blood, gives healthful action to the sluggish liver, and drives blemishes from the skin. It is an honest medicine, and an invaluable health insurance policy which should never be allowed to lapse. All druggists keep it.

Killed On The Sidewalk.

Philadelphia, June 14.—A heavy terra cotta cornice fell from the third story bay window of the Tenth National Bank, Broad street and Columbia avenue, at 8.45 o'clock tonight and landed in a group of people who were watching a parade. One woman was killed, a child was fatally injured and three others were painfully wounded.

The victims are: Mrs. Caroline Bender, aged 55 years, skull fractured, died soon after being admitted to a hospital; injured—Lizzie Hinton, aged 9 years, skull crushed, will die; William B. Bender, aged 21 years, son of the above mentioned Mrs. Bender, lacerated scalp; not believed to be dangerous; Charles Hinton, aged 35 years; father of Lizzie Hinton, arm broken; Mary Stevens, 45 years of age, arm broken.

It is not yet known what caused the cornice to fall.

Prof. W. M. Sloane of Princeton, who has been engaged for the past four years on a new "Life of Napoleon," for *The Century* magazine, has just sailed for France, and will complete his manuscript there during the summer. Two members of *The Century* staff are now in Paris, arranging for the illustrations to accompany this biography.

Muscular Rheumatism

Sciatica and the Piles Adds to the Sufferer's Misery

Four Bottles of Hood's Sarsaparilla Effects a Wonderful Cure.

"C. I. Hood & Co., Lowell, Mass.:

"Gentlemen: As a result of the memorable blizzard of March, 1888, I contracted muscular rheumatism; at that time I was engaged on a job of steamfitting in Plainfield, N. J., and it was necessary for me to wade through the snow to the building, a new residence, in which we were working. For eighteen months afterwards I was laid up with muscular rheumatism and sciatica. I then joined my son-in-law in Denver, Col., where I was engaged in steamfitting and engineering, and where I commenced to take Hood's Sarsaparilla for my rheumatism. It cured me not only of the rheumatism and sciatica, but also of outward piles, from which for thirty-three years I had suffered

A Thousand Deaths.

Previous to going to Denver I visited the University of Pennsylvania to be operated upon. The doctor pronounced my case elongation of the bowels and the worst he ever saw. He refused to perform an operation, saying that after having suffered so many years it was not worth while that I should die at that late day from the effects of the knife, and die I would if he used it.

No Man Can Conceive

what I suffered for thirty-three years. I tried all sorts of remedies and treatments, often without the slightest relief. Four bottles of Hood's Sarsaparilla not only relieved, but cured, both the piles and rheumatism. The

Hood's Sarsaparilla Cures

only trace of rheumatism which I feel now is a little stiffness when the weather changes, and as I will be 73 years old in August that is but incidental to my age. This is a simple statement of facts." JAMES R. BOND, 309 West Norris Street, Philadelphia, Pa.

Hood's Pills cure liver ills, constipation, biliousness, jaundice, sick headache, indigestion.

LIST OF JURORS.

The following is the list of grand and travers jurors drawn this week for the next term of court, commencing Monday, August 27th.

GRAND JURORS.

R G Osmer, laborer, Spring.
John W Stuart, grain dealer, College.
C E Royer, teacher, Gregg.
R D Packer, farmer, Liberty.
David Ammerman, farmer, Union.
M L Rishel, farmer, Gregg.
Lafayette Neff, farmer, Potter.
John T Ross, farmer, Harris.
S F Kline, justice, Howard boro.
Wm T Hall, clerk, Milesburg.

Geo Garbrick, farmer, Spring.
E E Ardery, teacher, Spring.
Leonidas Mothersbaugh, farmer, Harris.

How Repulsive.

Is bad breath, and yet how many otherwise attractive, polite, and particular people afflict their friends with the foul odor of their breath. If there was no remedy for this, it might excite our sympathy, but as there is no need of having a foul breath, it is an unpardonable breach of good manners to obtrude such an offence on good society.

Foul breath arises from disordered digestion which can be corrected by using Sulphur Bitters, and the result will be a pure, sweet breath.

Less Than Half Rates to Colorado.

On June 23d and 24th The North-Western Line will sell excursion tickets to Denver, Pueblo and Colorado Springs and return at the exceedingly low rate of $27.50—less than one fare for the round trip; tickets good for return passage until July 27, inclusive. Solid Vestibuled Trains, Palace Sleeping Cars and Superb Dining Cars through between Chicago and Denver daily, via the Chicago & North-Western R'y. For detailed information apply to agents of connecting lines, or address W. A. Thrall, General Passenger and Ticket Agent, Chicago.

2 times

In Private Practice.

Such strong proofs of the marvelous cures made by Dr. David Kennedy's Favorite Remedy have been brought to public notice lately, through the various newspaper investigations, that it has become now the standard medicine for the diseases for which it is prepared.

Dr. G. H. Ingraham of Amsterdam N. Y., states, where the regular prescriptions used in a case of kidney disease and gravel utterly failed, he prescribed Dr. Kennedy's Favorite Remedy, and it cured the patient.

Dr. Wm. Smith, of Jewett's Heights N. Y., prescribed Favorite Remedy for Mrs. Casper Brooks, of Athens N. Y., who was suffering from kidney disease, ulceration of the stomach, complicated with sickness peculiar to her sex; after the second day, steady improvement was noted, and final permanent recovery.

Dr. Kennedy's Favorite Remedy acts directly upon the kidneys, liver and blood, in cases of nervousness, dyspepsia, rheumatism and Bright's disease; it has made most pronounced cures, after all other treatments have failed. Druggists sell it.

BEST printing, finest paper, fullest reports, on all topics in the Pittsburg DISPATCH. 25 4t

Unionville Items.

The farmers are having a discouraging time so far this month—they can only stand by and see the corn and weeds growing together and wonder which, the weeds or corn will get the ascendancy, as the ground remains too wet to be cultivated.

During these times of forced idleness, the spirit of gaming has come over our people. While in one part of our town a game of base ball is going on in another street or alley men and boys are engaged in pitching quoit.

The town was much excited on last Saturday over a game of base ball between the academy boys of Bellefonte and the Unionville club, in which the Bellefonte boys won.

Mrs. Mary Hames, of New Jersey, is visiting her father Wm. Fisher, and other friends in this locality.

Wm. Fisher recently made a trip to New Jersey and Atlantic City and for the first time in his life viewed the old ocean and its waves with which he was much delighted.

Miss Annie Underwood, now of Clearfield county, visited friends here last week on her way home from Bedford county.

Some persons have changed their state after visiting in that southern county, but it remains to be seen whether such will be the effect in this case.

Mrs. Owen Underwood has been seriously afflicted for some weeks, but is now slowly recovering.

Daniel Hall's son Gene, has gone out with Mr. Brugger on an engineering trip in Clearfield and Cambria counties.

Mr. Wm. Wickersham, a professional inventor from Boston, Mass., is now stopping with his cousin, Mrs. Cleaver. He is a very intelligent gentleman and has invented many useful and labor saving machines and instruments, among which is an automatic nail machine that will cut a keg of 100 pounds of nails from steel plate in four minutes by actual trial, and make them at much less than one-half the cost of making nails by the old system. A great revelation in nail making may be effected by this machine. It would be greatly to the interest of Bellefonte if the Board of Trade of that place would seek an interview with this inventor who can fully explain the possibilities of the new machine.

The first should be last and the last be Furst, but Love may intervene. J.

Cure Yourself.

Don't pay large doctor's bills. The best medical book published, one hundred pages, elegant colored plates, will be sent you on receipt of three 2-cent stamps to pay postage. Address A. P. Ordway & Co. Boston, Mass.

Thousands of new patrons have taken Hood's Sarsaparilla this season and realized its benefit in blood purified and strenth restored.

No matter how hard the times the one thing you cannot afford to go without is ALL the news. If you want ALL the news you get it in the Pittsburg DISPATCH. The DISPATCH publishes all—not a part only. 25 4t

Wreck in Wisconsin.

Chicago, June 19.—Four men were badly injured and nine valuable horses killed outright in a wreck on the Wisconsin Central Railroad at Stillman Valley at 11:10 o'clock last night. The wreck was caused by the breaking of the coupling, which caused the cars to leave the track and completely overturned three of them. A lamp in one of them set fire to the wreck.

The names of the injured are:

John Riley, leg broken and body badly burned.

John Lahey, crushed in shoulder.

H. P. Christian, severely bruised.

Michael Woods, arm broken, spine hurt.

Nine valuable horses, belonging to Wm. Roller and C. J. Kelley, were killed out right and seven others were so badly injured that they may have to be killed. The horses were from Hawthorne and were on their way to Minneapolis.

The train left Chicago at 8 o'clock last night in charge of Conductor Thornton. As it was nearing the switch near Stillman Valley the drawbars of one of the Burton palace horsecars broke, and falling on the track, derailed five cars. Two of the cars were filled with horses the other three being freight cars filled with merchandise. The injured men were rescued with difficulty and taken to Stillman Valley and their wounds dressed. Riley was so badly burned that his recovery is doubtful.

The horses killed were valued at $10,000 The loss will be nearly double if it is found necessary to kill the others.

Terrible Effects of a Cloud Burst.

Braddock, June 19.—The extent and damage done by the cloud burst up the Turtle Creek valley about 5 o'clock last evening was much greater than first reports indicated. Several persons are missing and there is but little doubt but that they were drowned. The force of the storm broke full upon the villages along Sandy Creek and Plum Creek. Growing crops were swept away and many buildings were wrecked. At Sandy Creek village the water rose in the streets to a depth of ten feet. More than a dozen houses were washed away. In one of the houses John Hoodisky, a miner was sleeping. He was drowned whild trying to escape through a second story window. Michael Boeck fell into the creek and was carried away by the current. Margaret Mossell, aged 15 years, fell from a skiff and has not been heard of since. All of the inhabitants of the villages were terribly frightened by the storm and fled in all directions. Rafts were hastily constructed and many families were safely rescued from their homes. The tidal wave that swept the Turtle Creek valley was nearly eight feet in height and carried everything before it. At the New York and Cleveland Gas Coal company's plant the damage is extensive. One hundred and fifty yards of railroad track was washed away, the tipple was badly damaged and other buildings were badly wrecked.

At the new Westinghouse electric works several hundred feet of railroad track was destroyed and the roadbed damaged. Fences, bridges, etc., have disappeared and to day the valley presents a sorry appearance. The money loss will aggregate many thousand dollars.

General Depression.

General depression in business calls for HUMPHREYS' SPECIFICS. You can not afford to experiment in hard times. HUMPHREYS' SPECIFICS are ECONOMICAL and sure.

You pay for school books but the best school book for your children is your daily paper. Well printed, carefully and intelligently edited, of instructive contents, first and fullest with the news and best in presenting it. the Pittsburg DISPATCH fills the bill. 25 4t

For sour stomach and all other conditions resulting from constipation, go by the book on Beecham's pills.

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhœa and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

DR. G. C. OSGOOD, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

DR. J. F. KINCHELOE, Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

LOST—A silver watch, was lost near the car works. The finder will please return same to this office.

Bold Pennsy Move!

A SMALL CORPORATION IN SMALL BUSINESS.

Tracks Torn Up This Morning!

Attempt to Prevent Valentine Company from Trafficing over Central R. R.

EDITOR REPUBLICAN :—

At 9.30 a. m. Tuesday Mr. E. T. Stoughton Supervisor of the Lewisburg Division of the Penna. R. R. stopped at Nittany Valley Junction, with a gang of men, and tore up the frog and switch which leads from the Nittany Valley tracks into the Valentine Furnace. This is one of the tracks now leased and operated by the New Central Railroad. The track has been there ever since the Nittany Valley R. R. and the new furnace was erected. It is one of the tracks which by the decree of the Court last January, the Central R. R. has a perfect right to control and operate. Over this track all ores from the Valentine mines to the furnace have always been carried. Could they accomplish it, the Pennsylvania Company would now prevent this ore firm reaching the furnace, and prevent this our largest and best industry from being operated. The intended blow is at the business prosperity of our entire community. Our business interest should resent it. All this petty warfare is because a competing railroad has found its way into Bellefonte. Let our business interests stand together and frown down such petty warfare on the part of a big corporation. It is unbecoming, small, petty and insignificant. The employees who did the work were ashamed of it. The Supervisor in charge apologized for it, and refused to further it. The brilliant piece of strategy originated with some superior official of much smaller calibre and breadth of view than either the supervisor or the foreman to whom the petty task was assigned.

But like all such petty two-cent warfare it will fail of its object. It will not prevent the Central Railroad from delivering ore, coal and coke to the furnace, or shipping iron away from there. A few hours will suffice to make another connection, on undisputed territory, equally satisfactory and feasible of operation. The only end accomplished will be to demonstrate to what small and petty meannesses even supposedly large corporations will resort when hurt; and we think will convince the balance of our community not already alienated from them, that the sooner they deprive the Pennsylvania Company of the little tonnage still accorded them the better for the community.

Our Company has avoided all controversy with other lines. We have never taken a step which the law has not maintained. We have made no midnight moves, or law less invasion of the rights of others. For the lawless acts this morning, criminal indictments might be brought. But we believe we can afford to condone the crime committed. The extra expense involved in making a connection will be about $25; and for this we are satisfied we will soon be reimbursed by the increased traffic which will be turned over to us, the moment our Bellefonte freinds are made publicly awareof this last masterly (?) move on the part of the mammoth Pennsylvania corporation. The best way to deal with such moves is to give them publicity.

Very truly Yours,
J. W. GEPHART,
Supt. Central R. R. of Pa.

Is Now a National Leaguer.

A United Press dispatch this morning says: "Meany, the Harrisburg pitcher, has been released to Louisville for $500." All of Meaney's Bellefonte friends will be glad to hear that he has so soon been advanced to the first ranks of professional base ballism; and we venture the assertion that Meany will make his mark where he goes and hold his own with the best of pitchers in the National League. He is a man who never loses his nerve and can always be depended on at critical moments. We wish him further success.

ABOVE ALL OTHERS,

Dr. Pierce's Golden Medical Discovery is the medicine for the blood. You'll be willing to believe this, perhaps, if you think of the way it's sold to you. *On trial* — that's what it amounts to. In any case where it fails to benefit or cure, your money is returned. With any doubtful or ordinary medicine, this couldn't be done. And it *isn't* done, except with the "Discovery."

In every disease caused by a torpid liver or impure blood, this medicine will certainly cure. For the most stubborn Skin and Scalp Diseases; the worst forms of Scrofula, even Consumption (or Lung-scrofula) in its earlier stages; and for Dyspepsia, "Liver Complaint," and every kindred ailment, nothing approaches it as a remedy.

Nothing else, at any price, is really as *cheap*. You pay only for the *good* you get.

IT DISAPPEARS—the worst forms of catarrh, with the use of Dr. Sage's Catarrh Remedy. Its mild, soothing, cleansing and healing properties effect a perfect and permanent cure, no matter how bad the case or of how long standing.

Twelve Hos! my sisters, see the banner.
Waving in the sky,
Are you broken-down, discouraged?
Courage! help is nigh.

On that banner read this legend:
"Suffering women, hail!
Pierce's Favorite Prescription
Ne'er was known to fail."

The success of this remedy is wonderful. Its record is unparalled. It has cured thousands of cases of female weakness, irregularities, and all diseases peculiar to the sex. It can always be depended on to do exactly what is claimed for it. All the proprietors ask is a trial. That will convince the most skeptical of its wonderful virtues. Price (1.00) refunded if it fails to give satisfaction. Guarantee printed on every bottle-wrapper.

Twelve Persons Drowned.

St. Johns, N. F., June 19.—The schooner Rose, Henry Gosse, master, bound from Spaniards Bay to Labrador for the summer's fishery, having on board fishing crews numbering fifty-five persons, struck an iceberg Sunday afternoon off Patridge Point during a dense fog and sank within ten minutes. The iceberg being low and flat, forty-three persons managed to clambor upon it. The remaining twelve, however, sank with the vessel. The latter included eight men, two women and two boys. The survivors consisted of twenty-seven men, nine women and seven children, and but for the accessibility of the iceberg none of them would have been saved. The body of one woman was recovered. Shortly after the crew of another vessel, the Irene, which was passing, hearing the cries of the people on the iceberg, brought their ship near and took of the castaways. The Irene brought them to Coachman's Cove and landed them. The Rev. Father Sheehan, the priest at that place, did his utmost to help the unfortunates.

Arrangements are being made to get them home. Nothing was saved except what the rescued people wore at the time of the disaster.

The loss will be very heavy as the Rose was laden with fishing supplies and provisions.

The New Foundland vessels convey great numbers of people to Labrador, and many of them carry larger loads than they should. As the craft only carry one or two boats, it is almost impossible to save any one when an accident occurs.

It Was Very "Love"ly.

The republican primaries were held throughout Centre county, on Saturday for the election of delegates to the county convention which will convene in this place tomorrow at 11o'clock a. m., for the purpose of putting in nomination the republican ticket to be voted for at the election in November. The main fight was centered on the President Judgeship between Hon. A. O. Furst and John G. Love; and there was every reason to believe that the contest would be close, but when the returns began to come in there did not seem to be anything very close in it. Mr. Love secured almost everything in the shape of delegetes. At this writing out of 101 delegates heard from 94 have been instructed for Love and 7 for Furst, and of the 21 yet to hear from it is only reasonable to conclude that Love will get some, so that he will go into the convention with over 100 delegates, while it only takes 62 for a choice.

Decrease in Revenues.

Patriot: There will be a large decrease in the revenues of the state this year in comparison with those of the past five years. In 1893 the revenue aggregated $13,500,000, which is abnormally large in comparison with those of previous years. On this amount over $1,000,000 was personal property tax from Philadelphia, which was in litigation for two years as a result of John Bardsley's defalcations and recovered by the attorney general's department and turned into the state treasury. The revenues to date show a falling off of over $300,000 as compared with those of the same time last year. Auditor General Gregg estimates the revenues this year $10,000,000. The largest shrinkage will be in the tax on the gross receipts of corporations, which have been seriously effected by the financial depression, strikers and other unfavorable conditions.

Deputies vs. Outlaws.

Tahlequah, I. T., June 19.—During a battle with outlaws Sunday evening, near Wagoner, between the sheriff's posse and the Cook gang of outlaws, Sequol Houston, of the sheriff's posse, was killed, and Bob Martin, an outlaw, was captured. Several others of the sheriff's posse were wounded, some of them, it is said, fatally.

Cook and all but one of his men escaped. They were intent upon robbing a stage load of people on their way from the Big Cherokee at Tahlequah, when Deputy Gourd and his posse ran them down. A courier just in from the scene of the battle brings the news that the gang is again surrounded and another bloody encounter is inevitable. Reinforcements are flocking to the sheriff's aid.

You cannot afford to do without the best newspaper. Look at the Pittsburg DISPATCH. Its merits display themselves. 25 4t

THE DEAD WORK SCALE.

Is the Cause of Serious Trouble With Miners in the Pittsburg District.

Pittsburg, June 19.—The dead work scale of the coal miners' agreement is still causing trouble to the operators and a majority of the miners of the district, who do not understand the exact situation. A majority of the men have refused to go to work, and say they will not resume unless the dead work scale of last year is accepted by all the operators. Some of the mines in the Pan Handle territory have resumed but the majority are idle. In the Moon Run territory serious trouble is likely to start at any time. All of the men are foreigners. After a conference with Mr. Sanford, of the Moon Run Coal company, in which he was unable to give them a clear understanding of the situation, the 450. miners held a meeting and voted to continue the strike until 79 cents a ton and the dead work scale was paid. Later in the day they started through the country, destroying fences and some buildings. For this two of the men were arrested and locked up at Chartiers. Last evening the miners assembled with the avowed intention of releasing their comrades by force. From this they were dissuaded, but kept the settlement in an uproar all night. Early this morning the marchings and threats were resumed, but no one was injured. The English speaking miners are satisfied with the terms and are ready to go to work, but are afraid to interfere. Serious trouble is feared.

Along Thomas Run the situation is much the same. At a meeting Monday night the men were very violent and carried two ropes with which they threatened to do some hanging. It is charged that the foreigners have been secreting dynamite for use in case an outbreak occurs.

About one-half the operators in the fourth pool on the Monongahela river have signed the scale, but the others refuse to treat with their men. They offer to pay the rate—69 cents—without signing the scale. This the miners refuse.

A Solid Knock-down Blow.

The whale blows water while at play;
Trees blow in every clime;
The sweetest flowers blow in May,
But wind blows all the time.

There's lots of blowing in this world. Sufferers from catarrh blow their noses, and quacks blow about their "cures" Dr. Sage's Catarrh Remedy is the only infallible one. Its proprietors back up this claim by offering $500 for every case they fail to cure permanently. This is an unanswering blow at humbuggery, coming from men of sterling reputation and ample capital. Nasal Catarrh cannot resist the potency of this Remedy. It stops discharges, leaving the senses acute, the head clear, and the breath normal. Of all druggists, 50 cents.

Children Cry for Pitcher's Castoria.

That Gettysburg Electric Railway.

PHILADELPHIA, June 19.—In the United States circuit court today argument was commenced before Judges Dallas and Butler in the proceedings for a condemnation of land at Gettysburg, which is in the possession of the trolley railway and which is wanted by the United States in order to preserve the battlefield. A discussion arose among the counsel as to the form in which the argument should proceed. District Attorney Ingram wished to address the court upon the government's position for the condemnation of the land while Thamas Hart, Jr., counsel for the Getttysburg electric railway company, claimed that right on the company's motion to quash the petition. The court decided that Mr. Hart should begin the argument and that gentleman then proceeded.

After hearing Mr. Hart at some length the court announced that it had concluded to order that the motion to quash the petition of condemnation should be denied without prejudice to the presentation of the same questions upon the coming in of the report of the jury of condemnation. Judge Dallas said that of course did not give the slightest indication of what the opinion of the court might be on these questions.

DR. KILMER & CO., BINGHAMTON, N. Y.

A Vision of WONDERLAND!

The Little Brownies,

those mischevious but kindly children immortalized in nursery tales, have been recently reported as taking a tour of the wild and picturesque scenery of America. The idea was long delayed, and undoubtedly came to them through a chance examination of the **most wonderful and beautiful publication of the age, the magnificent pictographic scenic serial,** Entitled:

Glimpses of America,

Which the DAILY NEWS is now distributing among its patrons.

It is a sad commentary upon popular taste that Americans know less about the scenery of their own country than that of European lands, probably because travel in the far West has not been attended with such comforts as journeys through the old countries. But no reason is longer available to excuse ignorance of the THE INCOMPARABLE, THE IMPRESSIVE, THE TRULY MARVELOUS SCENERY of our wondrously diversified country, because **"Glimpses of America"** is a photographic album, comprising the grandest pictures of the most sublime objects that the human ever beheld.

They are not wood-cuts, or sketches, but large and perfect photographs of actual scenes, bewilderingly magnificent, imposing sights of the Rocky Mountains, the peaks, canons, waterfalls, valleys, lakes an cataracts of that great continental range, and of equally wonderous views on the great plains, Pueblo villages, burning deserts, immense forests; marvels of the Yosemite; picturesque, but almost inaccessible regions of the Northwest; of Alaska's glaciers and Indian towns; of the Yellowstone Park Geysers and curiosities; of Superior's Sculptured shores and Wisconsin's romantic dells; of Canada and the clevages, cascades, whirlpools and deep forests of the Northeast; of Eastern mountains, frothy streams, dashing rivers, and great precipices; of dreamy laugurous scenes in the land of the flamingo, where the mocking-bird hides in the perfume-laden snow of the orange tree, and the sun kisses the banana into golden fruitage.

Every section of America is represented in this complete collection of photographs, and the pictures, instead of being imperfectly and clumsily described in brief foot-notes, as in other serials, are incorporated in the text, there being much space devoted to reading matter in "GLIMPSES OF AMERICA," as to illustrations. It is therefore a pictorial history of the charming scenery of our country, the most gorgeous, complete and eloquent that was ever prepared.

And OH,
The Cameragraphs

No one ever before saw such marvelous heliotype jewels as these.

They are specimens of the perfected process of photographing in natural colors—grand, glorious and beautiful beyond imagination. A series of these marvelous pictographic productions appear in "GLIMPSES OF AMERICA," and they are to be seen in no other publication, the cost being too great as as yet to admit of common use.

You can get "GLIMPSES OF AMERICA" only through the DAILY NEWS, but upon the following remarkable generous conditions: Send or bring to this office one coupon clipped from the DAILY NEWS, together with ten cents in coin, and we will deliver you Part I, or any subsequent number that is ready, over our counter, or have the same mailed to your address without further expense. The complete work comprises 32 parts, of 512 pages, 11 x 13 inches in size, and will be embellished with 550 superb photo-engravings. The photographs alone in this remarkable collection, if they were on sale, could not be purchased for less than $500.

Every American who loves his Country should possess a copy.

THEY WILL ACCEPT.

What President McBride of the United Mine Workers Says.

COLUMBUS, Ohio, June 18.—President McBride, of the United Mine Workers, declared tonight that he was firmly of the opinion that the miners would accept the terms of settlement made here last Monday. "I do not mean to say that they will all go to work tomorrow," said he, "but a great many of them will. At the time the settlement was made I said to the operators that I did not believe the time for resuming work should be made so short and it was in defense of the operators who were anxious to resume operations as soon as possible, I yielded upon that point. I said that it was certain that the miners of northern and eastern Illinois could not be got back into the mines by the 18th. They will not go to work tomorrow. It will be two weeks and possibly three, before a general resumption there will take place, but it will come.

"In Indiana the block miners have accepted the agreement, while the other miners in the state have refused to do so. One-third of the delegates to the state convention, however, voted to go to work, so I judge the opposition cannot be so strong after all. I do not know whether the block miners will go to work tomorrow or not, but I see the operators have ordered cars into their mines, so I presume they think work will be resumed at once.

"In Western Pennsylvania work will be resumed tomorrow, except in a few mines, not exceeding a half dozen, where the operators object to paying the scale of wages agreed upon. In Ohio there is a perplexing condition. I believe that work will be resumed in practically the entire Hocking Valley tomorrow. I think it probable that the Jackson County mines will also resume. The Sunday Creek Valley miners will not go to work tomorrow, nor will the Coshockton miners. In Coshockton county there will be a convention to select delegates to the state convention here on Tuesday, but I should not be surprised if they decided to go to work and omit the election of delegates. In Tuscarauras county, the miners have resolved not to go to work. The Massillon miners have a strike which is quite different from the national strike. It began last February. They contend for a fifteen cent differental upon the Hocking valley scale. They will continue the strike."

Outside this competitive field President McBride said that terms of settlement either had been or were being made. 'Iowa," said he, "has settled on most excellent terms for the miners. Kansas is now working. President McGregor, of Missouri, says that state will fall in line with the settlement this week, while in southern Illinois, a conference of miners and operators are making satisfactory progress."

Speaking of the state convention to be held here next Tuesday, President McBride said the only danger now was that the districts that had accepted the agreement and went to work might not send delegates, and this would leave the radicals in full control of the convention.

The Philadelphia "Times" Says This:

It is suggested in several public journals of the State that Ex-Governor Beaver may be called to the next Cabinet by Governor Hastings. There is no precedent in the history of the State for an ex-Governor going back into the Cabinet of one of his successors, but that is no reason whatever why it should not be done. The ex-Governors of our States pursue their professions and perform their public and private duties just as they did before they were called to the first office of the Commonwealth, and if they have made good Governors it will be a strong argument in favor of their making good Cabinet officers.

There may be strong considerations to move Governor Hastings to the appointment of his fellow townsman, Ex-Governor Beaver to the Cabinet. He would thus be doing just what Governor Beaver did when he called Hastings to the position of Adjutant General, and the personal friendship of these two fellow townsmen would doubtless make it not only desirable but most agreeable to have them again united in the State administration with their positions simply reversed.

It is known that General Beaver has not been fortunate in his business affairs since his retirement from the Gubernatorial chair. He has not lost by rash speculation, or by any neglect of his enterprise, nor even by the failure to exercise a reasonable sound business judgment. He became connected with a large nail factory in Bellefonte, and between the general depression of business and the swift improvements in the manufacture of nails he became seriously involved, and must evidently have sustained a very heavy loss from what at one time promised to be a very successful business venture. The office of Attorney General is one that pays a very liberal compensation, and certainly there is no man in the State who would discharge its duties more intelligently or with greater fidelity than General Beaver. He would fill the bill not only from a political standpoint, but he would make one of the best Attorney Generals in the history of the State.

They Mean Business.

A meeting of the directors of the Salt Lick Gas and Oil company was held at the Fallon House, in Lock Haven, on Thursday evening, for the purpose of closing a contract for drilling one or more test wells. There was a full attendance of directors, but owing to the fact that certain important leases had not yet been obtained, no contract for drilling was made. Messrs. J. H. Holt, J. W. Smith and Moore Fredericks were appointed a committee to secure the leases, and the committee is authorized to contract with any driller they may see fit, to put the test wells down after the leases are secured.

Salt Lick, where it is proposed to drill the wells, is near Karthaus and is seventy miles from Lock Haven. The directors are confident that gas and probably oil will be struck when the wells are put down. It is intended if gas is found to pipe it to Renovo and Lock Haven as fuel. The committee appointed at the meeting Thursday evening will attend to the duties assigned them at once, and as soon as the leases are obtained the drilling will be commenced.

Mr. J. H. Holt having been elected president of the company, the vacancy in the board of directors was filled by the election of R. C. Gilliland, of Potters Dale.

A Thorn in His Leg.

A little more than sixty years ago, says the Tyrone *Herald*, Samuel J. Marks, one of Tyrone's oldest residents at present, was a lad of twelve years of age living in the vicinity of Valentine's iron works near Bellefonte. One day while gathering plums he had the misfortune to run against a sharp thorn which entered his right leg about half way between the ankle and knee. The thorn, about a half inch in length, was imbedded so deeply in the limb that the boy could not remove it, but after the first soreness was over, it did not trouble him and the accident was almost forgotten. Now comes the strange concluding chapter of the story. A few weeks ago Mr. Marks noticed a sore forming upon his right leg. The festering continued until last night when it had become ripe and he then felt certain that the thorn which he had carried over three score years was at last making its way out of his anatomy. His conjecture was correct for with little trouble he removed the little stick which he now very properly prizes as a memento. That thorn stuck to him through a long period.

News From the Arctic Region.

PHILADELPHIA, June 15.—The first news from the Arctic regions since Peary invaded it was brought to this port today by Captain Peterson, of the bark Silicon, the first of the fleet of far north traders to arrive since last year.

Captain Peterson says the past winter in Greenland has been an unusually severe one.

The Esquimaux made frequent trips up the coast, communicating with others, but none had heard anything of the Peary exploring party. The general belief among them was that little if any progress could be made until very late in the season. The belief is that any attempts to reach the pole this year would be foolhardy and result in the loss of the lives of attempting it.

William Walter Phelps.

Englewood, June 17.—At 1.50 o'clock this morning William Walter Phelps passed away. The end was so peaceful that for some minutes after he had breathed his last his family, who were watching at the bedside with intense sorrow would not believe that the end had come. The patient was unconscious to the end and appeared to pass into a deep sleep. Mrs. Phelps and Mrs. Von Rottenburg were greatly overcome with grief, but bore up nobly. Grouped around the bedside were Mrs. Phelps, Mrs. Von Rottenburg and his sons, Captain John J. Phelps and Sheffield Phelps.

Still Makes Big Claims.

Harrisburg, June 17.—Gen. Coxey today addressed 500 people at Hoffman's woods, near this city. He declared there was no truth in the report that his army was about leaving the vicinity of Washington, and expressed the belief that 100,000 people would reinforce it during the summer for the purpose of teaching Congress an object lesson.

Idle people were urged to join his army, and the employed requested to contribute money to pay their expenses. After spending a short time at Pittsburg and Massillon, O., Coxey will leave for Milwaukee, where he is booked for a speech at a labor demonstration on the Fourth of July,

Will Spend No Money.

Harrisburg, Pa., June 17.—One of the reasons for the nomination of Jerome T. Ailman, the Populist candidate for Governor, is the fact that he is the lecturer of Pennsylvania State Grange. It was supposed that he would draw largely from that organization, but he says the Grange has no politics, and its members will largely adhere to their respective parties, as they have done heretofore. Mr. Ailman will not be at any personal expense in political canvass.

Ninth Cavalry Reunion.

HARRISBURG, June 14.—Almost two hundred survivors of the Ninth Pennsylvania cavalry attended the reunion of the regiment at Paxtang park this afternoon where the veterans spent several hours pleasantly. These officers were elected: President, George A. Shuman, Landisburg; secretary, A. F. Shenk, Lancaster; treasurer, Frank B. Kinneard, Harrisburg. The next reunion will be held at Lykens.

WILL RETURN TO WORK.

Miners Will Return to the Pits at the Compromise Rate.

Chicago, June 14.—The belief is general among mine owners and operators in this city, that 90 per cent. of the miners will go to work Monday morning under the Columbus scale of wages. Telegrams from the bituminous coal fields of Western Pennsylvania, Ohio and Illinois verify this prediction. All the talk about a disagreement and the forced resignation of President McRride and those interested in effecting the Columbus settlement is given only a passing comment. The discontent centered in the Hocking Valley in Ohio, and was fostered by President Adams. James H. Ellsworth and others were in receipt of telegrams from that section yesterday saying that the miners had accepted the Columbus settlement and would go to work Monday despite the utterance of Adams and his handful of followers. The mine owners particularly interested in the Hocking Valley field aver that the following of Adams is composed of those who were lawless during the strike and whose services are not desired when operatons begin.

The Illinois miners, despite yesterdays' indications from the Springfield conference will not likely hold out against the Columbus scale when it is explained in detail.

In speaking of the situation yesterday, James H. Ellsworth said: "I think that it may be safely said that 90 per cent of all the bituminous mines in the country will be in operation Monday. If so the supply of coal in this and other markets affected by the strike wil be sufficient for all immediate wants within a short time."

This, the first general strike of the miners association, began April 21, and has continued without interruption to the present time. With an exception here and there, the entire bituminous coal fields have been involved. Virginia, West Virginia, Western Pennsylvania, Ohio, Illinois Indiana, Iowa, a part of Missouri and Kentucky comprise the territory. The struggle was fiercest in Western Pennsylvania, Ohio, and in Illinois. Conservative estimates place the number of men involved at 100,000. These men, according to the best obtainable information yesterday, earn on an average of $2.50 per day. The loss to the miners in wages for the, say fifty days duration of the strike makes the astounding total of $12,500,000.

That a number of the mine owners lost heavily is equally true, but it is more difficult to even approximate the loss. Naturally none of them will discuss their loss, though one was candid enough to say it had been heavy, and that if the others similarly situated as himself lost as heavily the operators were out of pocket several million dollars.

Then, again there is the cost to the state in general of maintaining order by the transporting of troops and an increase in the civil forces in the several insurrectionary countries of the several states. Properly, too, the losses of manufacturing plants because of lack of fuel and those of the railroads and other means of locomotion must be included. This loss is represented in the increased price paid for coal, the advance being from $3.25 to $4.75 and $5.00 a ton. In all, upon the basis of an operator's figuring, the total loss as a result of the miners' strike for fifty days will not fall short of $26,000,000.

Juniata Valley Campmeeting.

The Juniata Valley Campmeeting Association will hold its twenty-third annual campmeeting at Newton Hamilton, Mifflin county, Pa., commencing August 14, 1894, and continuing to August 24, 1894. The religious exercises will be in charge of Rev. J. Max Lantz, D. D., Presiding Elder of the Juniata district, who will be sustained by efficient ministerial service. Pro. J. M. Black, of Williamsport, will conduct the singing. Rev. R. H. Gilbert, of Tyrone, Pa., will have charge of the Children's meetings, and Rev. B. H. Hart of Huntingdon, Pa., of the Young People's services. Persons applying for tents must make application to the secretary at Newton Hamilton, and forward with application $1 on each tent desired, the balance to be paid on or before the fourth day of camp. The following resolution was unanimously adopted by the Board of Directors April 6, 1894: Resolved, That the association close the gates on Saturday night, August 18, 1894, and the same be kept closed to the public until midnight Sunday, August 19, during the time of our next campmeeting, and that notice of such closing be given in our annual circulars and through the press of the Juniata district.

The Pennsylvania railroad and branches will sell excursion tickets during the time of campmeeting.

A Cure for Sunburn.

If you have been badly sunburned just as soon as you can procure it apply to the burned parts a thick coat of vaseline, which let remain for ten minutes or more; then rub it off by applying a soft, dry cloth gently; have a bowl of very hot water brought to you and a big linen towel Dip the towel in the water, which must be hot enough to steam, and also burn your face in it, but do not touch the skin with it for some time; you should steam your face this way for fifteen minutes, and then by that time every drop of blood in your body will seem to be in your face. Then call for more hot water, and apply it in a slow, gentle passion for fifteen minutes. Then put on a coating of vaseline and lie down for an hour. When you get up you will be fresh as a daisy, and your face will not trouble you in the least. Of course the length of time for treatment will depend upon how badly you are burned. But an hour ought to fix you up all right. Apply vaseline again on retiring.

The True Mission of Flag Day.

The Flag Day celebration was highly creditable to the municipal and school authorities, and it will be no fault of either if any of the one hundred thousand school children of Philadelphia are unable to comprehend what the American flag stands for. The addresses and songs were of the inspiring kind, and if the patriotism which issued in cheers and songs from the throats of the children yesterday can be persistently maintained and wisely directed the next generation of Philadelphia voters will be citizens to be proud of.

The place to teach patriotism is in the schools, and the flag as a symbol of patriotism is rightly employed to convey a constant lesson upon the duties of citizenship for which the schools are training their pupils if they are doing their duty. The children cannot see too much of it if they are taught to see it aright, and this is the duty of schools and teachers. The most ardent hope kindled in intelligent breasts by the Flag Day exercises of yesterday is that they will suggest teachers and school authorities more forcibly than ever the real mission of the public schools, and an earnest inquiry as to whether this mission is being fully performed.

To many the public schools seem to fall far short of being the possible nurseries of American citizenship, and if the patriotic speeches and songs of Flag Day shall in the end lead to the elimination of some of the non-essential things now taught in the schools, to make room and furnish time for the study of the essential, Flag Day will prove one of the best days in the American calendar. The lesson of Flag Day should be taught every day, including vacation time.

PERSONAL PENCLINGS.

Miss Townsend, of Philadelphia, is the guest of Miss Margaret Cook.

Hon. James Milliken, of Lewistown, was an arrival in Bellefonte this morning.

Mrs. Gilkeson, as well as her two daughters, is at present a guest of Mrs. D. H. Hastings.

Misses Rebekah Blanchard and Eleanor Mitchell are both home from Wellesley college to spend their summer vacation.

Mr. William Kelley, clerk at the freight depot in this place, departed on Friday evening for a brief visit in Philadelphia.

Miss Mary Sides is a guest at the home of Mrs. C. L. Calloway, on Spring street. And Mrs. Bush is entertaining her sister, Mrs. Tome, from Jersey Shore.

Miss Ruby Lambert, daughter of Col. J. H. Lambert, who has been the guest of Mrs. D. H. Hastings, departed Friday evening for her home in the Quaker City.

Mr. George T. Bush will go next Tuesday to DuBois where he will act as referee in the bicycle races held under the auspices of the Central Pennsylvania band tournament association.

Mr. W. R. Teller, former proprietor of the Bush House, was an arrival in Bellefonte Friday evening. The Colonel is as tall, erect and handsome as ever, and still sports that long, flowing beard.

F. K. Lovell, of Huntingdon, has announced as a candidate for President Judge in this district, subject to the decision of the conference of the republican party. This makes the triumvirate Furst, Love and Lovell.

Misses Bertha and Anna Shaffner, the two charming daughters of Mr. and Mrs. Charles Shaffner, of Philadelphia, are now in Bellefonte and will spend the summer at the home of their grandfather, Mr. Jacob V. Thomas, on Allegheny street.

J. B. Agnew, the prominent lawyer of Tionesta, Forest county, and who also has an office in Washington, D. C. was in Bellefonte on Thursday in the interest of Mr. A. Wayne Cook's candidacy for Congress. Mr. Agnew is a well read and a brilliant gentleman and Mr. Cook's affairs could not be in better hands than his.

Mr. David R. Foreman, late deputy prothonotary passed through Bellefonte on Saturday evening on his way to Butler county where he has gone to spend several weeks visiting friends and acquaintances. There is no doubt but that Dave will have a good time while away, as he is one of that class of fellows who can suit themselves to all classes of people and under all circumstances.

Modern Gold Mining.

The quartz is taken from the mines, sorted and then hauled to the tamping machine. Here the ore is crushed and pounded as fine as flour. It is then run through a sluice-box that contains quicksilver. As the water carries ore over the "quick," it is then taken up and held by the mercury and forms an amalgam. The quicksilver is then placed in a retort and brought to the boiling point. The "quick" passes out of the retort through a tube and is collected in a basin of water, and hardly a bit has been lost, while the gold remains in the retort in the shape of gold dust, and is now ready for market. Only about 50 per centum of the gold is saved by this means, and those who can or have ore rich enough to justify it send it to the smelters, where 95 per centum is saved.—New York World.

Ripans Tabules: one gives relief.

A SLEEK FORGER.

He Succeeds in Getting $300 from the Banks of Altoona.

A man whose name is supposed to be C. W. Goodwin, but which just as likely is anything else, succeeded last week in passing four checks, one in each of the banks. It was on Friday evening that Professor D. S. Keith, superintendent of the public schools of this city, received a letter from the First National bank containing a notice of a protested check for $75. Saturday morning he received a similar letter from the Second National. Mr. Keith then proceeded to investigate and found that similar checks had also presented and paid at the Altoona and Fidelity banks. Notices of these protests have not yet been received by them.

The checks were presumably drawn by B. M. Paige to the order of C. W. Goodwin on the Third National bank of Allegheny City. On the back when first presented was the name of C. W. Goodwin as endorser, but when payment was refused Goodwin asked the question of whether D S. Keith or Rev. Father Bush would be taken as an endorser. Receiving an affirmative reply, he went out of the bank in each case returning shortly afterward with a well executed counterfeit of Mr. Keith's signature. The money was then paid over and the man retired. Each check was for $75 and dated June 9. Whether they were all presented on that day or whether on different ones is not known. The man is described as of medium size, light complexion and moustache.—Altoona *Tribune*.

An Interesting Scene.

J. C. Neff residing on a farm near Petersburg, Huntingdon county, was a great sufferer from the recent flood, many of his fences being swept away and a fifteen acre field in which he had his corn was completely inundated and covered with mud to the depth of several inches, which necessitated plowing and planting again. The neighbors around remembering that a "friend in need is a friend indeed." decided as soon as the ground became dry enough, to come and help their unfortunate neighbor plow his field.

On Wednesday morning of last week, about 8 o'clock, there was seen teams coming from all directions, some from the valley, Alexandria and Petersburg. In a short time all were ready, and the signal proprietor at the head, in procession started around the fifteen acre field. Truly when all were in line it was a sight to behold. 'Round and 'round the jolly plow boys went, stopping of course at noon to regale themselves with a sumptuous dinner and by half past five the fifteen acres were poughed, after which the boys assembled on the banks of the Juniata and gave three rousing cheers which went echoing and re-echoing over valley and hill.

It Is As True As Preaching.

Chauncey M. Depew says that the happiest man in the world today is the successful farmer. "He sits under his own vine and fig tree, undisturbed by maddening noise of the city. Banks fail, railroads go into the hands of receivers, booming towns collapse and all business stagnates, but the wise farmer can snap his fingers at these things. He is monarch of all he surveys on his broad acres. The honesty of his boys and the purity of his girls are guarded against temptation and in them he has given the country its best manhood and womanhood. The farmer is to be envied, and if he is not contented with his lot, he is lacking in wisdom.

NERVE PILLS.

FREE TRIAL.

Cures Permanently all diseases of the Nervous System, either acute or chronic in either sex It restores impaired or lost power. Checks all forms of waste or drain: makes strong the weak. Full package $1; six for $5, trial package 12c, with book, sent securely sealed on receipt of price. Address Dr. R. Dumont, 98 S. Halsted st., Chicago, Ill. 24-20-1y

Changes in the Game Law.

The Pennsylvania State Sportsmen's Association is ventilating the question of a new game law for the State Edward Banks, in the Altoona *Gazette*, says that it is proposed to adopt at the meeting at Wopsy on August 21, some draft of a bill for the better protection of game, and to urge upon the members of the next Legislature the importance of its passage. There will be a big fight over the summer woodcock shooting, the argument being that the law as it now stands permits the surreptitious killing of young grouse while hunter is ostensibly looking after woodcock. There must be a good deal of foundation for this argument as the opposition to summer shooting is widespread. There also seems to be more than the possibility of a fight over the present law for squirrels upon the same grounds. The fact of the matter is, if the present laws were lived up to and rigidly observed, there'd be no need of any new law. The trouble is there's great difficulty in enforcing these laws and the present open seasons offers great temptations to weakminded selfish people to disregard them. The appointment of a State game warden, a salaried official, with power to appoint his deputies whenever necessary, would greatly help to preserve the game of this Commonwealth

Children Cry for Pitcher's Castoria.

PAINT cracks.—It often costs more to prepare a house for repainting that has been painted in the first place with cheap ready-mixed paints, than it would to have painted it twice with strictly pure white lead, ground in pure linseed oil.

Strictly Pure White Lead

forms a permanent base for repainting and never has to be burned or scraped off on account of scaling or cracking. It is always smooth and clean. To be sure of getting strictly pure white lead, purchase any of the following brands:

"Armstrong & McKelvy,"
"Beymer-Bauman,"
"Davis-Chambers,"
"Fahnestock."

FOR COLORS.—National Lead Co.'s Pure White Lead Tinting Colors, a one-pound can to a 25-pound keg of Lead and mix your own paints. Saves time and annoyance in matching shades, and insures the best paint that it is possible to put on wood.

A postal card—and get our book on paints and color-card, free; it will probably save you a good many dollars.

Prof. HARRIS' SOLUBLE MEDICATED Pastille

Has been put up in a proprietary form since 1873, and has been used for years prior to that time in private practice. It is no untried nostrum, of doubtful composition, but a genuine specific for a very prevalent disease. Thousands of men, of all ages, have at some time in life brought on nervous debility and exhaustion, with organic weakness, by over brain work, excesses, too frequent indulgence or indiscretion and vicious habits, and it is to these that we offer a remedy that will, by its direct action upon the seat of the disease, stop the drain and restore the patient to vigorous health and strength.

Our method of introducing Prof. Harris' Pastille treatment is one which commends itself to all sensible persons—for the reason that we supply it upon their judgment of its value. Weak of our claims nothing in the way of expense beyond a postal card and a two cents postage stamp. The postal card to be used in sending us their full address and the postage stamp for the letter returning the statement of their case for which we supply them with a question blank, to be filled out and an envelope addressed to ourselves for same returning it when filled.

FREE TRIAL PACKAGE. When we receive the statement on blank as prepared we will forward it by mail and prepay the postage thereon—and along with the eight days' treatment we send full directions for using. The treatment in no way interferes with a person's attention to business, and causes no pain or inconvenience in any way.

We are so positive that it will give perfect satisfaction that we leave the matter of sending orders entirely with those using the free trial treatment. Having satisfied those sending for trial packages of our ability to benefit their sexual condition we feel that they are more largely interested than ourselves in continuing the use of the Pastilles. Even then we do not attempt to rob them by demanding high prices. On the contrary, we make the prices as low as possible, and the same to all. They are as follows: $5 for one month; $9 for two months; $7 for three months.

Trade Mark

These prices secure the delivery of the Pastilles by mail. If desired by express we leave the patient to pay the charges. For over ten years we have operated our business upon this plan with satisfactory results.

We ask all persons needing treatment for any of the secret ills which come to mankind through a violation of nature's laws to send us their address on postal card or by letter and allow us to convince them that PROF. HARRIS' SOLUBLE MEDICATED PASTILLES have merit and are what they need.

All communications confidential and should be addressed to

MANY MINERS WITH THEM.

M'Bryde Says The Conservotive Men Favor Working.

Columbus., O., June 14.—In an interview this evening Secretary-Treasurer Patrick McBride, of the United Mine Workers, said:

"While there can be no question that there is a general feeling of discontent in regard to the settlement of scale prices, and the indications are that the men may not accept the same in several places in Pennsylvania and Ohio, many telegrams have reached headquarters commending the action of the officials. One from Nelsonville read: 'Don't be discouraged, the conservative men of the Hocking Valley are with you, and the radical element is going backward. All will be well on the 18th.'

"The general feeling among the national officers is that they will stand or fall by the agreement, as the interest of the miners and the country demand that the present condition of affairs should not be allowed to continue. If the miners refuse to go to work by the middle of the week, a call for a national convention will be issued for the purpose of electing officers. This may be done under any conditions and would be done now, but the national officers have no desire to take any action until the matter is settled one way or another. A call has been issued for a convention of Ohio miners to take place on Thursday. Until that date it would be premature to say whether work will be resumed or not."

President A. A. Adams, of the State miners' organization, has issued a call for a State convention of miners in Columbus on Tuesday, June 19, at 10 o'clock a. m. He asks the miners to select their best men to represent them, as business of vast importance will have to be acted upon.

They May Compromise.

PUNXSUTAWNEY, Pa., June 14.—The Bell, Lewis and Yates Coal Mining company, whose property joins that of the Berwind-White company, today, in a conference with representatives from the strikers proposed a compromise of forty cents for mining. The miners will meet tomorrow to consider the offer. They will probably accept.

The Bell, Lewis and Yates company employs about 5,000 men. If the compromise is accepted it will end the strike in the Central Pennsylvania district, but it will not change the conditions surrounding the Berwind-White company. They will not treat with the miners' union and will operate independently, if they are required to keep the armed guards at the mines all summer.

Horatio is deserted tonight. The order to quit the houses has been obeyed by the men. Some of the unfortunates have moved into store rooms, while others have taken refuge in a temporary structure built in a field below Horatio.

The Berwind-White company mined and shipped some coal today. The management say they loaded and sent off 10 cars. The strikers deny this and say not a single car of coal has been shipped. Sheriff D. H. Gourley was today notified by an attorney named Gillespie that there are five Italians being compelled against their will to work in the Berwind-White company's mines. An investigation today developed that there is not an Italian employed at the place.

Crossing the Atlantic

Usually involves sea sickness. When the waves play pitch and toss with you, strong indeed must be the stomach that can stand it without revolting. Tourists, commercial travelers, yauchsmen, mariners, all testify that Hostetter's Stomach Bitters is the best remedy for the nausea experienced in rough weather on the water. Nervous and weakly travelers by land often suffer from something akin to this, and find in the Bitters its surest remedy. No disorder of the stomach, liver or bowels is so obstinate that it may not be overcome. Equally efficacious is it for chills and fever, kidney and rheumatic trouble and nervousness. Emigrants to the frontier should provide themselves with this fine medicinal safeguard against the effects of vicissitudes of climate, hardship, exposure and fatigue.

Railroad accidents are caused by the pressure of travel more than by any other one cause; after railroads have reached a certain stage of development and accidents are not brought on by weak bridges and a defective roadbed. A year ago, under Exposition traffic, accidents were thick. In April the total accidents reported by the Railway Gazette are 104. Last year in April 173. The collisions in April were 37; half of last year and less than any year since 1889, also a year of light traffic and travel. The number of persons killed was one-fourth less than the April average for four years, but the tramps killed were very numerous—much as might be expected. Yet the newspapers which were enlarging on the number of accidents a year ago will few of them notice their decrease now, and the increase then and the decrease now are both independent of any direct intention on the part of railroad managers. They do the best they can—like the man playing the piano in the Western story, and it is as unfair to make them a target.

Populism and Woman Suffrage.

When Susan B. Anthony and the Rev. Anna Shaw stepped to the platform in the Kansas Populist State Convention, yesterday, and pinned Populist badges to their bosoms they dealt woman suffrage the worst blow it has received in twenty years. The act was performed in return for the adoption of a plank favoring woman suffrage and as a sign that the woman suffragists will labor for the success of the Populist party in Kansas.

No more unwise step could have been taken by the advocates of equal suffrage in Kansas. That State is to vote in November on an amendment to the Constitution granting women the same suffrage privileges as men. If adopted it will double the ignorant vote in Kansas and increase the difficulty of giving the State a clean, efficient, staple government at least 50 per cent. The political situation in Kansas is already of a most discouraging character. The success of the Populist in 1890 and 1892 was the first serious check the prosperity of that State has had. It lessened the value of every piece of property and stopped the flow of capital and emigration to the State. A condition of semi-lawlessness has since prevailed, the Governor himself giving encouragement to the law breakers. The scenes that were enacted last Winter in the Capitol of the State, when a Populist minority, sustained by the Executive, tried to usurp the control of the Legislature, showed how dangerous to civil order the Populists are. Similar evidences have been given in other States of the peril any community is in from the supremacy of this party, and these proofs have served to unite all law abiding people in opposition to Populism.

And yet it is this socialistic organization that the woman suffragists in Kansas have agreed to support in return for an indorsement of equal voting privileges. This ought to end all prospect of the adopting of the woman suffrage amendment in Kansas. The harm will not end there, however. The woman suffrage cause will not soon be recovered. The great majority of women are so much opposed to civil disorder as the men, and it is their misfortune that the cause many of them have a heart should be injured by the indiscretion of these Kansas fanatics.

The coke strikers must be forced to keep the peace, and their lawlessness must be vigorously repressed, but in apportioning the blame it must not be forgotten that some of the coke-producing companies have not treated the Hungarian element with anything like fairness. The American Manufacturer is authority for this, and it asserts that only one firm has kept faith with the coke-workers in the past. When extreme depression came many operators, disregarding their agreement, lowered wages, and these reductions were in some cases followed by the practical suspension of cash payment for wages. At many of the works it was an unusual thing for a coke worker to receive $3 cash for two weeks' work. Exorbitant prices were charged at the company stores, "which are expected to make up the loss incurred at the coke ovens," and heaped cars of coal were required, defrauding the miners. As so often happens, violence has had its cause and foundation in injustice.

Miners are Threatening.

Columbus, Ohio, June 14.—The opposition to the coal strike settlement is assuming threatening propositions and the national officers of the miners' organization are now very much worried over the situation, which threatens disruption of the organization. President A. A. Adams, of the state miners' organization, has issued a call for a state convention of miners at Columbus next Tuesday to take action against the settlement.

Trouble is expected next Monday when some of the miners will want to go to work under the agreement and those who oppose the settlement will try to prevent them.

Ditched the Train.

Julesburg, Colo., June 14.—The 500 Coxeyites made another attempt to get out of the city this morning, but it resulted in failure. They seized a Union Pacific engine and proceeded to make up a train, but the locomotive was accidently run into an open switch and ditched. The army then decided to seize the regular passenger train, but the Union Pacific officials, learning of their intention, held the train back until fifty armed deputies arrived on a special train from Denver to escort it through.

A TERRIBLE TRAGEDY.

Camden, N. J., Startled by a Horrible Crime.

Camden, N. J., June 14.—A principle tragedy tonight startled Cramer Hill, a suburb of this city. John Kauffman, a Bavarian 50 years of age, cut the throats of his wife, Rosina, and his three children, twin boys, aged 5 years, and a month old infant, and then deliberately hanged himself. The awful crime must have been committed between 6 o'clock yesterday morning and this morning but, was not discovered by the neighbors until this evening.

Kauffman was a comparative stranger in Cramer Hill, having moved there from Trenton five weeks ago. He was in destitute circumstances and had been out of work for some time. He is thought to have committed the deed out of sheer despondency. He rented one half of a double frame house, the other part being unoccupied. No sign of life was visible about the place after 6 o'clock yesterday morning, when Mrs. Kauffman went to the door and received bread delivered by a baker. The fact that the shutters remained closed all of yesterday and today excited the suspicions of Frank Hartman and he communicated his fears to Justice of the Peace Schmid. The latter went to the house this evening, and pulling open the shutters, saw in the dim evening light the body of Kauffman hanging by the neck between the double doors of the first floor front room. Further investigation showed the body of Mrs. Kauffman on a bed in the middle room of the first floor, clasping her dead infant in her arms. Up stairs in another room were found the bodies of the 5-year-old twin boys, with their throats cut from ear to ear. The husband, wife and three children comprised the entire family.

USE DANA'S SARSAPARILLA, ITS "THE KIND THAT CURES."

The Central Railroad of Pennsylvania.

SULPHUR BITTERS

THE GREAT German Remedy.

TRUTHS FOR THE SICK.

For those deathly Bilious Spells depend on SULPHUR BITTERS it will cure you.

$1,000 will be paid for a case where SULPHUR BITTERS will not assist or cure. It never fails.

Do you suffer with that tired and all gone feeling; if so, use SULPHUR BITTERS; it will cure you.

Cleanse the vitiated blood when you see its Impurities bursting through the skin in Pimples, Blotches, and Sores. Rely on SULPHUR BITTERS, and health will follow.

Operatives who are closely confined in the mills and workshops; clerks, who do not procure sufficient exercise, and all who are confined in doors, should use SULPHUR BITTERS. They will not then be weak and sickly.

SULPHUR BITTERS will cure Liver Complaint. Don't be discouraged; it will cure you.

If you do not wish to suffer from Rheumatism, use a bottle of SULPHUR BITTERS; it never fails to cure.

SULPHUR BITTERS will build you up and make you strong and healthy.

Don't be without a bottle. Try it; you will not regret it.

SULPHUR BITTERS will make your blood pure, rich and strong, and your flesh hard.

Ladies in delicate health, who are all run down, should use SULPHUR BITTERS.

TRY SULPHUR BITTERS to-night, and you will sleep well and feel better for it.

Do you want the best Medical Work published? Send 3 2-cent stamps to A. P. ORDWAY & CO., Boston, Mass., and receive a copy, free.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail.

CARTER MEDICINE CO., New York.

Small Pill. Small Dose. Small Price.

DR. PEFFER'S FEMALE PILLS.

NEW DISCOVERY. NEVER FAILS.

A new, reliable and safe relief for suppressed, excessive, scanty or painful menstruation. Now used by over 30,000 ladies monthly. Invigorates these organs. Beware of imitations. Name paper, $2. per box, or trial box $1. Send sealed in plain wrapper. Send 4c in stamps for particulars. Sold by Local Druggists. Address PEFFER MEDICAL ASSOCIATION, Chicago, Ill.

PEFFER'S NERVIGOR

1st DAY 9th DAY 15th DAY 27th DAY

WHAT PEFFER'S NERVIGOR DID.

It acts powerfully and quickly. Cures when all others fail. Young men regain lost manhood; old men recover youthful vigor. Absolutely Guaranteed to cure Nervousness, Lost Vitality, Impotency, Nightly Emissions, Lost Power, either sex, Failing Memory, Wasting Diseases, and all effects of self abuse or excesses and indiscretion. Wards off insanity and consumption. Don't let druggists impose a worthless substitute on you because it yields a greater profit. Insist on having PEFFER'S NERVIGOR, or send for it. Can be carried in vest pocket. Prepaid, plain wrapper, $1 per box, or 6 for $5, with A Positive Written Guarantee to Cure or Refund the Money. Pamphlet free. Sold by druggists. Address PEFFER MEDICAL ASS'N, Chicago, Ill.

Sold by J. Zeller & Son, Druggists. Bellefonte, Pa.

PICTURE FREE

A superb mammoth tintograph in 12 colors by the distinguished artist, Maud Humphrey. It is 2 feet long and 14 inches wide and will be sent free if you tell your friends. It is called "OUT VISITING," and shows a beautiful, dimpled darling clad in a warm, rich, fur-lined cloak, basket and umbrella in hand; she pulls the snow covered latch, while her golden hair shimmers in the sunshine, her cheeks blush with health and vigor and her roguish eyes sparkle merrily. Sure to delight you. A copy will be sent free, postpaid, if you promise to tell your friends and send 14 cents in stamps or silver for a three months' trial subscription to

THE WHOLE FAMILY,

an illustrated monthly magazine with stories, anecdotes, fashions and all articles of interest by best authors and cash question contests monthly. RUSSELL PUB. CO., 196 Summer St., Boston, Mass.

PATENTS
CAVEATS, TRADE MARKS
COPYRIGHTS.

CAN I OBTAIN A PATENT? For a prompt, answer and an honest opinion, write to MUNN & CO., who have had nearly fifty years' experience in the patent business. Communications strictly confidential. A Handbook of Information concerning Patents and how to obtain them sent free. Also a catalogue of mechanical and scientific books sent free.

Patents taken through Munn & Co. receive special notice in the Scientific American, and thus are brought widely before the public without cost to the inventor. This splendid paper, issued weekly, elegantly illustrated, has by far the largest circulation of any scientific work in the world. $3 a year. Sample copies sent free.

Building Edition, monthly, $2.50 a year. Single copies, 25 cents. Every number contains beautiful plates, in colors, and photographs of new houses, with plans, enabling builders to show the latest designs and secure contracts. Address MUNN & CO., NEW YORK, 361 BROADWAY.

DR. THEEL 1317 Arch St. PHILADELPHIA.

NERVOUS DEBILITY Kidney and Bladder diseases cured. 32 years' practical and 6 years' European hospital experience. LOST MANHOOD RESTORED. SPECIAL DISEASES Fresh cases in 5 to 10 days. Dangerous cases STRICTURES Removed in 10 days. Send five 2-cent stamps for book "Truth" the only book exposing quacks, no matter what others advertise to avoid detection, and the only book advertised describing truthfully obscure diseases of both sexes without exaggeration. "Truth" should be read by those contemplating marriage.

TESTIMONIALS the greatest of all cures published, in Saturday's Philadelphia Times and Wednesday's Inquirer. Read without fail.

Errors of Youth BLOOD POISON

Cured in 30 to 90 days. Hours: 9-8; Eve's 6-8; Wed. and Sat. 6-10; Sun. 9-12. Write or call.

"OUR POTENCY CURES CATARRH" 99

The *Profuse discharge of mucus* from the nose, the *dropping of mucus* from the nostrils into the throat, the *accumulation* of mucus and the constant inclination to hawk and expectorate. 50 Cts. per Box, (disks).

Mail orders will receive prompt attention.

Bellefonte Republican,

To CORRESPONDENTS.—No communication published unless accompanied by the real name of the writer.
Correspondents should write upon but one side of the paper, and avoid the use of pale or fancy inks.

EDWARD T. TUTEN.

Local Department.

—Some of Bellefonte's coal dealers are entirely out of black fuel.

—An infant child of Mr. and Mrs. Porter Grazier, living near Tyrone, was found dead in the cradle on Friday morning. It was buried Saturday afternoon.

—The Bellefonte band, at their festival Friday and Saturday evenings, did fairly well, and realized quite a neat little sum to be added to their new uniform fund.

—Cards are out for the wedding of E. Ferree, a prominent young attorney of Minneapolis, Minn. and Miss Belle Holter of Howard, Centre County. The ceremony will take place in the M. E. church in that place Wednesday afternoon, June 27.

—The Bellefonte water works has succeeded in getting one car load of coal from Snow Shoe, and there is a likelihood that they will be able to get all they will want for the running of the works, as the miners are willing to allow coal to be furnished for such purposes.

—The Central Railroad Company of Pennsylvania transported over three hundred people to Lock Haven on Monday to attend the Forepaugh show. Only a few persons went from Bellefonte but among the number were Francis Speer and H. Mensch, of the *Gazette* force.

—Were you at the Bellefonte band's festival yesterday evening? If you weren't, you should have been. And if you didn't patronize the boys last night, you should not fail to go this evening. You can get the finest strawberries and the best ice cream to be had in Bellefonte.

—Rosa, the little daughter of Mr. and Mrs. J. C. Williams, while visiting with her parents at the home of her grandfather, Mr. H. C. Campbell, in Ferguson township, this county, fell and broke her right arm at the elbow. Dr. Houser reduced the fracture and the child is getting along nicely.

—The vault of the Register and Recorder's office has now been entirely refurnished with new steel furniture throughout. A new tile floor has been laid and the vault now presents a very compact and handsome appearance. The officials are now hard at work replacing the county records and getting everything in shape to correspond with the new furnishings.

—Bellefonte is one of the poorest towns in the United States for telegraphic communications. Whenever it rains a little, thunders or lightnings, the wires all get out of shape and no messages can be sent. And the worst of it is, the Western Union company don't seem to care a cent. It would only be a matter of business for some other company to establish connections with Bellefonte.

—It always pays best when electioneering to begin at the right end of the string. On Friday evening the writer overheard a gentleman trying to persuade another man to attend the republican primaries. After a little persuasion he succeeded and then, on inquiring who he was for for President Judge he found, to his utter dismay, that he was for the other fellow, and he had succeeded in making a vote for the man he was trying to defeat.

—Not quite three weeks intervene between this and the Fourth of July, and the members of the Young Men's Christion Association are hard at work making preparations for the good time they expect to have at Hunter's Park. All manner of field sports will be arranged for and this, together with good music, which will be furnished by the Bellefonte band, and plenty of good things to eat, give everybody who will go an enjoyable day as well as full value for the money expended.

—Tuesday morning the borough street committee attempted to quarry some stone on Water street, just in the rear of the Bush Arcade. They drilled away all forenoon, and just after dinner put off a blast, which was heavy enough to startle the town. The report frightened the team of Mr. Morris Furey, which was standing just in front of Sechler's and they started to run. They went over to Thomas street, and down that street to the old house near the mill, where they ran into the fence, tore down the fence, demolished the wagon, etc. Here the animals were caught, not having received any injuries whatever.

Marriage Licenses.

Following is the list of marriage licenses granted by the register of Centre county during the past week:

Martin M. Keller, of College township, and Nora Rimmey, of Spring township.

George Ross Parker and Mary C. Schofield, both of Bellefonte, Pa.

W. W. Kaisher, of Cherry Run, Union county, and R. A. Grimm, of Sober.

Rev. Geo. E. Limbert, of Grove City, Mercer county, and Flora Moyer, of Centre Mills.

Thomas Crowley, of Philadelphia, and Laura K. Wright, of Milesburg.

Dr. A. W. Hafer, of Bellefonte, and Laura May Hess, of Harris township.

John Hartsock, of Buffalo Run, and Myrtle E. Robinson, of Huston township.

IN THE COUNCIL CHAMBER.

Some Important Business Transacted on Monday Night.

It was after eight o'clock on Monday night when council convened with only five members Messrs. Gerberich, Williams, Hillibish, Beaver and Bush present. President Miller not being on hand on motion of Mr. Williams General Beaver was elected chairman pro tem. Secretary Isaac Mitchell read the minutes of the previous meeting which were approved as read. During the reading of the minutes Member Garman made his appearance.

Under the head of verbal communications Mr. Monroe Armour was present and asked for a profile grade on Wilson street. The matter was referred to the Street committee for investigation and report.

Mr. Wm. Lyon was present and asked if there could not be some arrangements made to stop the peddling of meat around the town by persons living outside of the borough.

Mr. Jerome Harper asked permission to remove a gas lamp post in front of their house, which is in the way of putting down a new pavement. Granted.

The school board sent in a request to have what they termed liquor fines to the amount of some fifty dollars which had been turned over by the burgess to the borough, paid over to them, as they claimed it under a recent act of the legislature. The clerk was instructed to reply to the school board in effect that no such fines had been paid to the borough. All such alleged fines were collected on the charge of disorderly conduct.

The street committee reported work done on various streets throughout the borough. Also, progress was reported on the foot bridge across Spring creek, at the foot of Curtin street. In regard to the boardwalk on Potter street, the chairman made a report of the investigation made. They were then instructed to see the property owners and find ont if an arrangement could not be made by which they would put down the walk.

The Water committee reported the pipe put down on East High street, and eight families using water therefrom. They also reported still having fuel on hand and expect to be able to get the regular supply of coal by the latter part of the week. Also the receipt of $1.50 for the work, done on private pipe line on East High street.

The Fire and Police committee had no report to make. The Market committee reported $3.50 market fees collected during the past two weeks. Clement Dale, Esq., having come in, gave a verbal opinion on the market ordinance, in which he stated that it was his opinion that the ordinance could be enforced. This covered the ground of Mr. Lyon's complaint. Mr. Dale expressed his opinion that they could be stopped from peddling around only on market days, and then only after market had closed which is 9 o'clock a. m. On motion of Mr. Hillibish, the matter was referred to the Market committee for action in accordance with the solicitor's opinion and in conjunction with the Burgess; and to stop all persons from peddling around town only on Tuesdays and Saturdays.

The Nuisance committee had no report to make. The Finance committee ditto. The question of laying the millage for the ensuing year came up. After a lengthy discussion the matter was referred to the Finance committee for conference with the Water and street committee and report at the next regular meeting, or a special meeting if necessary.

The Village Improvement committee reported that the Court had appointed Robert Valentine, W. Fred Reynolds and D. S. Ray, as viewers on the Lamb street bridge.

Mr. Williams made complaint that the Nuisance committtee did not perform all the duties it should, and which was positively necessary.

Mr. Miller made complaint of the dangerous condition of the boardwlak near the Lutheran church on Linn street, and Mr. Beaver reported a bad condition in the walk on Allegheny street in front of the property now occupied by Mr. John Noll. The street committee was instructed to see that the necessary repairs were made.

The Water committee was granted authority to fix the day and date for the holding of water appeals. With the approval of the following bills council adjourned:

Henry Lowery, work on boardwalk	$7.37
J. H. Wetzel, surveying	9.60
J. K. McFarlane, water assessment	25.09
Water Pay roll	49.00
Thomas Shaughensey	1.00
Police pay roll	35.00
Street pay roll	41.70
Borough Auditors	15.00
Total amount	$184.37

"Doc." McCallister Killed.

About 4 o'clock Monday afternoon Doc. McCallister, a brother of Tony McCallister and of Mrs. Frank Baney, of this place, while sitting on a railroad bridge near Lewistown, was struck by a passing train and instantly killed. The body was brought to Bellefonte on the late train Tuesday evening in accordance with arrangements made by overseer McClure.

Large Lumber Operations.

The firm of F. H. & C. W. Goodyear, who are recognized as the largest manufacturers of hemlock lumber in the world, handles every year over 126,000,000 feet of hemlock lumber, or in other words they clear 5,000 to 7,000 acres of land. The new mill to be built at Gaines this season will increase the capacity over fifty per cent.

Wedding This Morning.

A very pretty home wedding occurred on Thomas street Tuesday morning at the residence of Representative James Schofield, it being the occasion of the marriage of his oldest daughter, Miss Mary Charlotte Schofield, to Mr. George Ross Parker, passenger conductor on the Bellefonte Central railroad. Just sixteen persons were present to witness the ceremony, which was performed by Rev. Dr. Laurie, D. D., pastor of the Presbyterian church of Bellefonte.

The event took place in the parlor, and the wedding party entered in the following order to the time of Mendelsohn's wedding march, as played by Miss Lizzie Schofield, sister of the bride: First came Miss Mamie Schofield, as flower girl; then Ferdinand and Emily Parker, brother and sister of the groom, then the bride and groom, the little party forming a semi-circle in front of the waiting minister, who at once proceeded to perform the beautiful ceremony of the Presbyterian church, at the conclusion of which, those present tendered happiest congratulations.

A sumptuous wedding breakfast was then served by Achenbach, the same being enjoyed tete-a-tete. The presents were useful as well as valuable.

The happy couple departed on the 10.28 train west for a two weeks' honeymoon with Mr. Parker's friends in Somerset county, after which they will return and go to boarding at the University Inn, State College. With their many friends we tender heartiest congratulations and best wishes for their future welfare and happiness.

The Horse Thief Caught.

On Monday afternoon Chief of Police Keller, of Lock Haven, arrested the man who stole the horse from the stable of Mr. Holt, near Unionville, on Tuesday night. The individual who gave the name of George Rowan, alias George Boaz, had sold the horse to a Lock Haven man for twenty-five dollars, and had already spent most of the money. The animal, however, was recovered and returned to the rightful owner. Chief Keller brought his prisoner to Bellefonte on the early train Tuesday morning and at 8 o'clock he was given a hearing before Justice of the Peace Keichline.

At the hearing the man swore that he purchased the horse of a little man, with a little black mustache, for seven dollars and had sold it for twenty-five. On his being searched a small memorandum book was found on his person which rightfully belonged to Charles R. Kurtz, editor of the *Centre Democrat*. The prisoner did not clearly state how he came in possession of the book. Kurtz was called and asked in regard to the same and he stated that the book was one he had purloined from Robert Hunter, but he did not know how the horse thief got hold of it, as he never knew he had lost it. Of course, this is a part of the mystery yet to be unraveled, but it is hardly likely that Kurtz and Hunter are implicated. At all events, Rowan or Boaz was committed to jail for trial at the next term of court.

Mrs. William Glassco Dead.

Mrs. Clara Glassco, wife of William Glassco, after a lingering illness from consumption, passed from earthly suffering at 5.10 o'clock Monday morning, at her home on Cottage street. The funeral will be conducted by her pastor, Rev. R. H. Gilbert, at her late home Wednesday afternoon at 3 o'clock, and the remains will be laid to rest in Tyrone cemetery.

Born January 19, 1852, the deceased was aged at death 42 years, 4 months and 29 days. On June 4, 1871, she was united in marriage to William Glassco and to their union were born six children, all of whom with the bereaved husband, survive to mourn the loss of a loving wife and tender mother. The children are Orlica, Earl, Claude, Harry, Altie and Simeon. Mrs. Glassco's parents, Mr. and Mrs. Simeon Haupt of Bellefonte, also survive, as do five sisters and two brothers. The latter are Mrs. Ada Clepper, of Philadelphia; Mrs. Philip Foster, of State College; A. B. Haupt, of York; Mrs. Margaret Crosswait, Mrs. Emma Musser, Miss Alta and Henry Haupt, of Bellefonte.

When a young girl the deceased united with the Methodist church of which she was a devoted and consistent member, passing beyond with the upholding assurance of the future glory that implicit faith in the gospel promise gives.—Tyrone *Herald*.

Newspaper Man's Misfortune.

The sympathy of the entire newspaper fraternity is extended to Charles S. Bangert, publisher of the Falls Creek *Herald*, in the destruction of his office by fire for the second time within four months. His office with all its contents was burned in March, but with commendable enterprise he started up again. Early yesterday morning he was again burned out, losing everything he had. The origin of the fire is unknown.

LETTER LIST

The following letters remain in the Bellefonte P. O. uncalled for June 18th. 1894.

F. W. Leathers, B. W. Robey, Jno. W. Thoms, Wm. Hoy, A. J. Provins, Miss Ida Pathing, Mrs. Sarah Steele, Miss Minerva Ross.

When called for please say advertised,

DAVID F. FORTNEY P. M.

STRUCK BY LIGHTNING.

Three Children Seriously Burned on Monday Evening.

One of the severest electric storms known for a long time passed over this section of the county on Monday afternoon and great damage was done. But the worst of all the calamities was that of three little boys being struck by lightning, and all were badly injured. The boys were Wm. and Eddie Lose, aged respectively 12 and 10 years, children of Mr. Scott Lose, the tailor, and Charles Hunter aged 11, son of Steele Hunter. In the afternoon the boys went out near the woods just east of Roopsburg to gather wild strawberries and while there the storm came up. It is evident that the boys took shelter under a large oak tree and there received the fatal stroke.

Wm. Lose was the least injured and consequently the first to recover. On regaining consciousness he discovered his two companions lying senseless beside him and tried to arouse them but without avail. He then supposed them dead and, though not able to stand, he crawled on his hands and knees and rolled part of the way, a distance of almost three-quarters of a mile to the home of Mr. Charles Schroyer, where he arrived one of the most pitiable looking objects ever seen. His clothing was torn and burned almost off him and his body severely burned in many places, and by crawling through a freshly cultivated corn field he was just covered completely with mud. The poor little fellow fainted as soon as he reached the door, but was taken in, washed, his burns dressed and dry clothing put on.

He soon recovered consciousness then told the story of his two companions, whom he supposed were dead. Parties at once went in search of them and soon found the place where they lay. Both boys had partially recovered and as tenderly as possible were picked up and conveyed to their homes and doctors sent for. Both Hunter and Ed. Lose are very badly burned, but the latter's condition is the most serious, and his recovery very uncertain. The electric fluid seemed to have struck him on the head, burned his forehead and down his left cheek, shoulder and arm. Then across his shoulders and down his right side to the calf of the leg where the flesh is burned to the bone. Hunter is not so bad; though his injuries are also quite serious. At this writing all the boys are doing as well as possible. Strange as it may seem not a mark could be seen that the lightning had struck the tree under which the boys were standing.

While delivering his papers in the afternoon, Ward Willard, one of the DAILY NEWS carrier boys, was also stunned by a stroke of lightning while in the vicinity of Mott's marble yard on High street. He was picked up unconscious and carried to the rooms of Mrs. Chambers where, in a brief time, he came around all right, without experiencing any serious effects.

During the same storm a house occupied by a Mr. Michaels, on Ridge street, was struck by lightning and a hole burned in the roof. Fortunately, however, the blaze was extinguished before much damage was done.

The rain storm through some parts of the county was extraordinarily heavy and done great damage to corn fields, etc. It is said to have been exceptionally terrific in Penns valley.

Must Have "Swiped" Them

On Saturday the Bellefonte Academy ball team went to Unionville and crossed bats with the club in that place, and from the score it would seem as if the Unionvillers were "not in it" at all with the Academy boys. Our correspondent failed to furnish us any points on the game, save the score, but it, in itself tells the sorrowful tale of woe. It is as follows:

ACADEMY	R.	H.	O.	A.	E.
G. Curtin, 3	3	3	0	0	0
Hastings, c	4	2	8	0	2
Harper, m	3	1	0	0	0

They Got The Right Man.

The Postal Telegraph and Cable Company have secured Mr. W. K. Marshall, better known here as "Billy," to translate in dots and dashes to all parts of the world, from Atlantic City, their heavy message work. Billy broke his record Friday night, June 8th, by sending 1370 words in 28 minutes to operator Ryan, of the Philadelphia *Press* office, an average of 48 words a minute. It is not necessary to say he is a dandy; all who know him are aware of of that fact..

Died at Curtin.

Mrs. Jane Holter died at her home, Curtin, Centre county, on Saturday evening at 5 o'clock, from stomach troubles of several month's duration, aged 72 years. Her husband preceded her to the other shore some years ago. To survive her are four daughters and three sons; Mrs. Susan at Curtin; Joseph at Bellefonte; Constance C., at Clearfield; Mrs. Belle, wife of Theodors Vanscoyoc, at Tyrone; Mrs. Fan Walker, at Philipsburg; Mrs. Jennie Curtin, at Curtin, and George, of Oklahoma, Funeral services this afternoon at 2 p. m, to be conducted by Rev. Smith. Interment at Milesburg.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Royal Baking Powder

ABSOLUTELY PURE

PERSONAL PENCLINGS.

W. F. Reeder, Esq., departed on the early train this morning to attend the funeral of the late J. M. Hale, Esq.

Mr. John D. Decker, the republican nominee for Jury Commissioner, favored this office with a brief call this morning.

We have thus far omitted to mention the fact that Ed. Blanchard, Jr., is home from Haverford College, looking as robust and handsome as ever.

Mr. J. A. Fiedler and family departed for Williamsport Tuesday evening. They will remain there several weeks and may then return to Bellefonte.

General Beaver will depart on the early train to-morrow morning for Concord, N. H., where he will be orator and poet respectively at the reunion of the Army of the Patomac.

Warriorsmark at State College.

Warriorsmark played a conspicuous part in contributing to the success of what was considered by all present to have been the finest commencement ever held at Pennsylvania State College. G. Arthur Guyer, Frank and Lewis Mattern were three of the twenty-four graduates, and on commencement day one proved a first-honor man, another a second-honor man. In excellency of orations the record was two out of four in favor of Warriorsmark.

On the campus, in the cadet battalion, there are four captains selected by merit from over 300 students. All three Warriorsmark seniors were captains. In the field of athletics Warriorsmark distinguished herself in the throwing shot and base ball pitching.

There are still three Warriorsmark students at State College, and another expected to be added to the list in the next fall term. Lewis Wilson Mattern one of this year's graduates, was tendered the position of teacher of English literature, and has accepted it. Harry York is remaining at State College for the summer taking a special course in Latin. There are now five State College graduates of recent classes at Warriorsmark and C. F. York, of the Malena Co., is also a resident graduate. The active part thus taken by our neighboring village in the advancement of higher education affords an example well worthy of emulation.

Votes Thrown Out.

At the primary election in the North Ward on Saturday evening last Dr. R. L. Dartt's vote was challenged on the ground that he was a prohibitionist. Mr. Dartt is a member of the borough council, elected as a republican, and he was therefore clearly entitled to vote. If he had offered his vote to the election board and they had refused to take it, the board could have been successfully prosecuted. The Doctor lost the force of his claim by not tendering his vote.

In the West ward there was a North ward ticket and a Spring township ticket voted, instructing for Judge Furst, both of which were thrown out—this was also a mistake. They should have been counted as instructions for Furst. Primary election officers cannot be two careful in regard to this matter for the reason that a close vote for candidates leads to contests which develop mistakes in the decision of election officers that might result in criminal prosecution.

Smallpox in Pennsylvania.

Since the report of May 17, by Benjamin Lee, of the state board of health, the following additional cases of small-pox occurred in Pennsylvania, the number of cases at each place being noted: Lewistown, Mifflin county, two cases; Derry township, suburb of Lewistown, Mifflin county, eight cases; one fatal, origin, tramp from Chicago; Shickshinny, Luzerne county, one case; Berwick, Columbia county, one case.

Danville, Montour county, since April 28, date of last report, forty nine cases; still in quarantine, ten cases; Reading, Berks county, five cases, all recovered; Harrisburg, Dauphin county, four cases, one fatal; Blandon, Berks county, eight cases; Philadelphia, three cases; Williamsport, Lycoming county, one case; origin, New York. Of the three cases of typhus fever reported as insolated in the Municipal hospital, Philadelphia, one has died and two have recovered. Philadelphia one fatal case of cerebro spinal meningitis.

AT fifteen cents per week, the Pittsburg DISPATCH, one of the best newspapers in the United States, is the cheapest article in existence. It is worth more than fifteen cents per week to have the eye pleased by a clear, well-printed paper, published all—not a part of the news only and in all respects the best printed. 25 4t.

AT THE LUTHERAN CHURCH.

How "Childrens Day" Was Observed by that Sunday School.

Every seat and a large number of extra chairs were occupied in the Lutheran church corner of Linn and Allegheny streets, Sunday evening by those participating and those witnessing the annual children's day exercises. Mr. L. C. Rearick Superintendent of the Sunday school of this church, fully demonstrated that he has those under him well trained and working in thorough harmony. The floral decorations were far above the ordinary. This is due to the great interest manifested by those connected with the school and the church in question. Besides a well shaped arch over the pulpit recess, there were many well arranged bouquets, potted plants, and in fact, flowers in great profusion arranged in pyramid order on the pulpit, floor and elsewhere throughout the church. All the sills of the large and beautiful windows were also decorated with splants and flowers of different varieties.

The music throughout the evening was appropriate and exceedingly well rendered. Master Roy Bossner delivered an address on "Children's Day." He gave a description of the origin of such an occasion and what the object was, which is a worthy one, by raising funds for poor and needy orphan children. "To and Fro" was a musical selection very creditably rendered by the infant department of the school. The little girls participating were all appropriately dressed in white and literally supplied with bouquets of rich flowers. They wound up their part by repeating the Lord's prayer while kneeling. Miss Blanche Smith decided that flowers are the jewels of the earth and gave them proof in a well prepared essay. Miss Mable O'Bryan ably delivered "songs of Redemption." She spoke in a clear and distinct tone of voice. Miss Meda Garbrick's recitation was "Dew Drops" both in name and literary beauty. Miss Jean McKee delighted the attentive audience with a selection asking the question "Are all the children in?" G. A. Harbaugh's address was well prepared and contained strong appeals to the school and church members for financial aid in support of deserving orphan children, so that they have an equal chance with these more happily situated.

Rev. Lohr's prayer at the opening of the evening's exercises was one of exceptional appropriateness and equally as well delivered. Taking all the evening's exercises into consideration they proved a genuine floral feast to all concerned.

Cut Down the Gate.

At the last session of court, in the case of Conrad Long vs. Centre county, an action to recover damages for a condemned turnpike, a jury awarded Mr. Long $750. Mr. Long thought that amount too small and at once made application for a new trial. The question then arose could Mr. Long continue to collect toll until a final settlement of the case, and the court ruled that inasmuch as he could not draw interest on the verdict, he would be allowed to collect toll until a final disposition of the case, and the damages in full were paid.

But it appears that the people in that locality don't like the idea of paying toll for traveling a condemned turnpike, and one day this week Mr. Burdine Butler concluded to put an end to the gate business. He passed through one way and refused to pay; then coming back the gate was lowered on him and Mr. Butler ran against a snag; which, however, proved but a small circumstance in his case. He at once borrowed an axe and proceeded to cut his way through, which he did with neatness and dispatch. But the end was not yet. Mr. Long at once had Mr. Butler arrested for what he had done, and he is now under bond for his appearance at court to answer the charge of cutting down a toll gate. The result is anxiously awaited.

Crowley—Wright.

Tuesday morning at 8 o'clock, at the home of Rev. W. O. and Mrs. Wright, their daughter, Miss Laura K. Wright was joined in matrimony with Mr. Thomas W. Crowley, of Philadelphia. The ceremony was performed by Rev. Dr. Laurie, D. D., of Bellefonte. The bride and groom departed on day express for their home in Philadelphia, where they will at once go to housekeeping.

The bride is so well known here that it is not necessary to speak of her many brilliant qualifications and accomplishments. She is a young lady of rare attainments and one eminently fitted to take the position of life partner with any man. Mr. Crowley is a prosperous merchant in Philadelphia and well spoken of by all those who intimately know him. We beg to extend congratulations and best wishes.

Ripans Tabules cure dyspepsia.
